

Hawk Creek Country Club

Business Membership Package - \$1,200

The perfect mix of recreation and community visibility!

Your business is an important piece of your life. You work hard to make it successful, but you also enjoy some time away to relax and unwind, and spend quality time with your family and friends. Golf is a great way to accomplish both – you can get out on the golf course with your employees, co-workers, customers, friends, or family. We created the **Hawk Creek Country Club Business Membership** package to make it easier for you to justify the time and money you are spending – knowing that you're also building your business visibility while enjoying some much-needed recreation.

A Great Golf Value!

The HCCC Business Membership includes **60 credits** for use on the course, either by you or your guests. Each credit is good for either **9 holes of golf** or a **9-hole cart rental**. The credits can be used **any time, including holidays and weekends!** The package also includes an **unlimited driving range pass**, worth \$200, which you or your guests can use to get warmed up or really work on your game. Your business membership also provides **two free entries** in Hawk Creek's fun and friendly **summer golf league**. This is a great opportunity to get to know existing or potential customers or employees in a sociable, but competitive environment! The value of these course credits and league passes is over \$1,100!

Company Events and Loyalty Rewards!

Your business will receive one free use of the upstairs reception area of the clubhouse for a company event, with assistance from the Hawk Creek Country Club staff as needed, a \$250 value. This can be used for employee or customer appreciation events, or a company-sponsored or charity scramble. Not only does the HCCC Business Membership give your company a great package of golf values, it's a great way to advertise in the Raymond community, and to all of our members from the surrounding area. Upon paying your 4th year of a business membership, your company will be added to our scorecards to get in front of potential customers that play the 12,000-14,000 rounds at our course each year, a \$250 value!
