*we make logistics stressfree*

# Why Choose an Aerospace logistics Specialist?

Aerospace Logistics is a highly specialized division of logistics that requires high precision, immaculate attention to detail, and a dedicated team of specialists that can handle high-value cargo with accuracy and provide efficient solutions to ensure your cargo reaches your destination with the utmost care and on time.

## Personalized Solutions

Regardless of the size or value of the goods handled, we prioritize attention to detail and keeping commitments. Any project that is given to us, we are capable of handling it with expertise.

## Round the clock support

Round-the-clock service, a dedicated AOG Desk, and an experienced team ensure your aerospace requirements are handled on time and efficiently.

## Global Reach and Expertise

Our Team of experts has over 2 decades of experience in Aerospace logistics and with dedicated partners around the globe, our reach extends to over 168 countries through our global partnerships and network memberships.

# Our Values

“  
Our values drive everything  
we do as we strive to provide  
exceptional logistics services.  
”

## Reliability

We always deliver on our promises and strive to exceed our customers' expectations

## Accountability

We take ownership of our actions and their outcomes and hold ourselves accountable for our performance

## Efficiency

We optimize our processes to ensure timely and cost-effective delivery for our customers

## Innovation

We embrace new ideas and technologies to continuously improve our services and stay ahead of the competition

## Safety

We prioritize the safety of our employees, customers, and the communities we serve.

## Customer Centricity

We put our customers' needs at the center of everything we do, and tailor our services to meet their specific requirements

# Govindasamy Ethiraj

Managing Director and CEO

An International logistics professional with decades of industry knowledge and aerospace logistics expertise. With an MBA in International Business, he has built strong international relationships and brands through his career and has held leading positions in various international logistics organizations.

# Syed Niyamathullah

Business Development-Aerospace

An experienced Aerospace and logistics professional with decades of experience. He has led international teams in critical aircraft refitting, maintenance, and overhaul operations. He has worked with major airlines on several international projects and airport logistics operations.

A photograph of two men standing on either side of large, red, 3D block letters that spell out '#MROAIP'. The man on the left is older with white hair and a beard, wearing a dark suit and light shirt. The man on the right is younger, wearing a dark suit, light shirt, and glasses, and has a lanyard with a badge around his neck. They are in a large, brightly lit exhibition hall with various displays and people in the background. The letters are mounted on a dark base.
