

COMPANY PROFILE

Khalifa
experience

We're the artsy cousin of **Khalifa Accessories** - the team that shows up to your event with paints, charms, glitter, good vibes, and a plan.

Khalifa Experience is where brands, teams, and communities get hands-on with creativity. Whether it's a tote bag painting booth at a mall activation, a branded bracelet bar for your team retreat, or a custom gifting kit for your next campaign, we make it personal, playful, and on point.

We've worked with names like Toshiba, Lazurde, Orange, and Eagle Nest, but we treat every pop-up, school event, or CSR kit like it's our first masterpiece.

WHO ARE WE ?

What started as Khalifa Accessories—a small dream woven into handcrafted pieces—evolved into something much bigger: Khalifa Experience.

We realized creativity isn't just a product. It's a moment, a memory, and a feeling.

Khalifa Experience was born from that belief. We don't just set up booths or craft accessories— we create **spaces** where people **connect**, **laugh**, and **express themselves**. From tote bag **painting** at a mall activation to candle-making sessions at corporate retreats or customized gift kits for campaigns—everything we do is **Personal**, **Playful**, and **Purpose-driven**.

When you work with us, you're not just booking a service - you're building an **experience** that will be **remembered** and **shared**.

OUR STORY

To turn every **event** into a **memory**, every **booth** into a **moment**, and every **accessory** into a **story**. We help brands connect with people through creativity, craft, and cultural color—**one bead, brushstroke, or glitter pop at a time.**

MISSION

To be the **go-to creative partner** for companies who want more than just branded merch—they want experiences that spark smiles, social shares, and stories worth telling.

We believe in **crafting moments, not just materials**
