

WINTER PARKING GUIDELINES

When a storm is forecast and if you have a garage, please use it. All others must park in the large parking lot using the spaces nearest to and facing the banks' lots. Those who usually park in the circle on Pleasant Street **MUST USE THE LARGE PARKING LOT.** In addition, our snow removal company has requested that the three spaces closest to the dumpster area **NOT BE USED.** This will allow an area for snow pileup that will leave the dumpster area accessible.

Observing these regulations will permit the most efficient snow removal. If any cars are left in the circle or not parked in the indicated spaces in the parking lot, our plowing company will not be able to completely clear our areas and will have to return to finish the job. If that occurs, we will be charged another fee. Anyone who consistently does not observe these rules will be assessed part of any additional cost.
