Sherri	11/04/2023	*****	Miss Alana has the magic touch. I've been in a bad situation and it wasn't long before things started to happen. I ordered another spell to help the first. So far things are moving along. The storm is not over but I know getting away from away from an abusive situation will be such a good thing for me. Thanks Miss Alana!!

Sherri	10/29/2023	*****	Beautifully and thoughtfully made. I feel the calming effects.
jjoirene83	10/28/2023	****	I'm only giving 4 stars for now because the conjure was only cast a few days ago. Alana is a very busy person and she try's to respond to every question to the best of her ability. She has a lot of great reviews, so I believe that she does great work. However, I am very pleased with Alana's work and what she has done for me thus far I'll be back soon for an update.
mosc	10/28/2023	*****	Every single spell I've asked for from Alana has worked in some mysterious way or other. This one is no different. I needed a new home but also customized so that I could find the funds for the home. It manifested in a strange way, and not 100% what I thought it would be, but it did give results which seem in line with my needs. So I will say that this spell worked.

Julie	08/31/2023	*****	Return customer. AMAZING shop and practitioner. Alana always goes above and beyond to meet your expectations. Her magick is GENUINE and her spells are EFFECTIVE. The Bad Neighbor Banishing Spell Service especially works wonder (my neighbors try to sell their house and don't live in this twin house anymore, so I can definitely live in peace thanks to Alana. She has helped me tremendously solve a very tough and complicated issue dating back from 2009 (13 years). I am forever grateful). I trust her as I know I will get some positive outcome with this Toxic Family Member Spell. If you have any issue with a toxic neighbor, family member and/or co-worker, don't hesitate to purchase here. Trust me: you can't be disappointed. Highly recommended

jennym89	08/20/2023	*****	I wanted to wait and see how this spell came to fruition and I just want to say the timeline that was provided in her reading and spell came to be! This week I heard the news I've been wanting to hear and I am so happy with the results! I am so incredibly grateful for Alana and all she was able to do for me. All I can say is trust the process but most importantly trust yourself too. I'll be a returning customer
slr0425	08/16/2023	*****	I think it's already manifesting. I do tarot for myself and the cards she drew for me were the same cards I was getting over and over so i see it as confirmation. She gave me 3 cards—first 2 cards are already in effect. And I can start to feel the 3rd one coming in. My issue is that my partner's family have been very disrespectful to me/my home, overstepped their boundaries, and overstayed their welcome. I feel they took advantage of my kindness and last week we had a big fight that felt final; ever since then, things started getting better. My advice to others when getting spells is to do some manifesting urself as well and use the spell to assist ur own manifestations. I have a good feeling about this and I will continue to pray for the best. Thank you Alana.

hurricanegia	07/22/2023	*****	Two months after Alana's working, my Toxic Family Member decided to move out of the country. I thought they were just talking big, at first, but it's been 10-months. They have hired an immigration lawyer and started the process to buy a house in the new country. By the one-year anniversary of Alana's working, my toxic family member will live an entire ocean away from me. Needless to say, they have become more sentimental and kinder to everyone in the family and are no longer actively Toxic. I am amazed!! From a daily aggravation, to a person who sends me a holiday card once a year and says I can stay in their guest room for free whenever I want a vacation - - practically overnight!

M.	05/21/2023	*****	I'm afraid to jinx it but so far so good. Since the spell was to bind someone from doing something again, it's a bit trickier to tell if it worked than if you order a spell that makes something specific happen. But in the past couple of months the person in question hasn't done the thing in question, at least not to my knowledge.
mosc	05/19/2023	*****	So I initially ordered a bad neighbor spell, and it DOES work - my neighbours sold their home - but after about 2 months they were pretty noisy and disruptive again. I knew they were leaving but I was still going crazy with the noise disturbance. Alana suggested this as a possible supplement for peace and their quick and smooth departure...and within about month, or month & a half of receiving this bottle, they DID finally move out without any fuss or too much noise. And in the month I had the bottle, I could hear them, but they wern't too bad. I'd say this is a very good result and worth the extra cost of shipping internationally.

DecemberDaEighth	04/28/2023	*****	Alana, your service was not only flawless but incredibly stellar! From your quick responses to messages from beginning to end, your service is unmatched! Might I also mention, I actually had this service performed for a toxic coworker; I had results in less than a week. The young lady has become very quiet and has been minding her own business, as well as my other coworkers. She has not said or even made any contact with me or my boyfriend; ole girl was put in a choke hold and didn't even know it

Mon	04/26/2023	*****	I'm very happy with Alana's work - she knew details that I never mentioned and she would have no way of knowing. I am still looking for my dream house, but it's only been a couple of weeks since I contacted Alana. I will update when I close on my new home!
Carol	04/25/2023	*****	This deck is FABULOUS!!! Each card has so much info on it besides relating to the workplace setting. This includes the: yes/no to a question; the numerology number; the Element; lunar timing, suit; color meanings; purpose of the objects on the card, aromatherapy to help & a manifestation statement. My apologies to Alana if I left anything off I used it on my granddaughter' s friends & it was spot on!! I will be using this deck for the workplace as was as for traditional readings

mosc	03/24/2023	*****	I wrote this to Alana just now, and it works as my review: This is unbelieveable! The (very noisy, inconsiderate) upstairs neighbours had actually quieted down a decent amount (not silent, but improved) after your spell, a bit over a month ago I think? However, tonight I kept wondering why I'm hearing so much more noise... lots of stomping on their floor / my ceiling, and general just noise of things. Was the spell wearing off? No, THEY SOLD THEIR CONDO. They're leaving!!!

I had purchased this item to assist in a very unusual civil case, and the reading that was provided really resonated with me — plus, ever since the spell was cast, every ruling has been in my favor, and I've felt at peace with (rather than completely stressed and confused by) my situation. Heather	02/02/2023	*****	Waiting for the spell to fully manifest! However, I've already noticed some changes and the awful noises my neighbors used to make is happening less frequently. Additionally, I really loved what Alana told me after the spell was cast. You have to forgive your neighbors. Maybe they don't know that they're being loud and that it's annoying you. Also, I think the key here is not to retaliate against your neighbor, I feel that could have a negative effect against the spell. So, don't go banging on your walls or yelling through the wall. Let it be and everything will balance itself out.

Char	01/30/2023	*****	Ms Alana is such wonderful help. I feel relieved to have found her. I won't detail what we have been thru over the past 6 years with these neighbors. I will say it has been dangerous, has affected our health and wellbeing, also our ability to do repairs on our home...even my ability to go to my mailbox. They have 3 pitbull dogs, a broken fence, and are irresponsible. Since Ms Alana started my work the occurances, disturbances have been less frequent for sure. I want to thank her for helping me get my life back. I know things will get better given time as it has not been quite 2 weeks. Thank you very much. Don't hesitate if you need her help, she will do it for you. 2-16-23 Update: The issues with the neighbors have almost ceased. Thank GOD!

Julie	01/22/2023	*****	Reliable and skilled practitioner. Alana always responds to any inquieries you might have and will not let you down. She will also give you relevant advice. In my case, the Bad Neighbours Spell purchased in September 2022 lasted about 2 months, then my neighbours "woke up" unfortunately. Violent bursts of violence at night again and again (from December 31, 2022 to January 4, 2023 - screamed, slammed doors, windows and shutters from 7pm until 2am, I had to call the police). Although the target is beyond stubborn, the situation has a bit improved thanks to a spell candle. I know the spell has manifested when I can see their shutters closed all day long as if they were gone on holidays... Hope it will last for a while this time. I trust Alana. She works great and will always help you. Many thanks again for your support

Julie	11/02/2022	*****	♥ AMAZING PRACTITIONER ♥ ! IT WORKS ♥♥♥ ! Alana definitely deserves the VERY best ! She is a true blessing. She has CHANGED my life. Since the spell was cast in September 2022 (it manifested about 2 weeks after the spell casting, mid September), my neighbours have become so quiet that I have thought they were gone away... The wife especially, who had been having not only repeated but also stronger and stronger crises of violence at night since 2009, seems to have become mute and to hide in the house. Sometimes she shows her face at the window, but what's weird is that they have closed nearly all house's openings as if they were gone on holydays... IMPRESSIVE ♥ ! I am so GRATEFUL and I HIGHLY recommend this shop.

Not only was the customer service amazing, but she started on my service almost immediately and I saw inklings of results almost overnight, and then very noticeable changes in my situation within 2 days after that (even more now!) This was my first time working with Alana, and I honestly feel as though she truly cares about you and your situation. I don't think I've ever received results so quickly, it was almost unbelievable. I'm in therapy to try to deal with how toxic the job is which is something else this reading told me to. It advised me to speak to an older women about my career which I have no one and was the reason I reached out to Alana for this reading. Very disappointed. No help here at all. I'm worried about leaving this review at all but I think it's only fair other people know this isn't a very helpful reading.

After the spells were casted not only did I received pictures of the spells but also I receieved a very detailed and in depth reading. Also I receieved some great advice and a time frame in which I will begin to see the spells manifesting. I highly recommend this shop. I will be a life long client for sure.

Eden	09/13/2022	*****	I am actually shocked, didn't think this would actually work! I believe she did the spell August 17th, and in the week of September 5th, my job decided to switch me over to another team and i no longer have to deal with the manager I wanted to stop working with! This literally happened out of no where, I am still shocked and speechless. She saved me because this situation was taking a toll on my mental health, and now that it has changed, I feel so much more confident and motivated at work like I have a purpose now! I am truly so happy :)
Julie	09/13/2022	*****	UPDATE 10/14/22 : IT WORKS ♥ ! My neighbour, a 44-year-old woman, has become so quiet since the spell casting that I thought she was gone... Until she stared at me at the window a few days later ! She has been used to having many crises of violence especially at night since 2009 (screams, insults, jumps onto the floor, breaks things, doors,...). In August, it lasted from about 10 pm to 1 am, even after the police had gone. Except a short period of time where she and her husband opened/closed a very noisy door to have their pets go into their garden at ANY time (5 am, 11 pm), the situation has completely CHANGED ! I can't believe it ! Amazing practitioner. Fast delivery. Interesting reading. Alana is a true blessing. I am FOREVER GRATEFUL

I appreciate that this is white magic and allows for the best outcome, which may be something less severe than banishment. Sometimes we want to throw the whole person away but is that really the best thing to do? Thank you much, Alana
Renee	07/25/2022	*****	She was very informative and helped me to make the best decision. I had all of my questions answered and I felt confident in my purchase. It did not take long for me to see the results compared to the months of distress my family had endured. -Samsara-	07/23/2022	*****	I requested this spell because of a toxic situation on the part of a lady who works with me, let's say that the intention was to get her to leave the workplace, which hasn't happened yet, but certainly the situation has calmed down and she seems to be behaving a little better than before.... we'll see what happens... in the meantime I can say that Alana is a really wonderful person, she answered all my questions, and after performing the spell she sent me a message with everything described, I am really satisfied with her service

Grace	07/04/2022	*****	SPOT ON!! The best purchase I have made on Etsy! I have very troublesome neighbors who have harassed my family for several years, with these past couple of weeks being the WORST. They are entitled and think they own the cul-de-sac we live on, they have blocked our cars in, have walked into our home unannounced, and their son harasses our dog, with so much more that they have done to us. Literally within the week of this purchase, my family and I have not been bothered or seen the neighbors AT ALL! I am very excited to see what the next few weeks bring us after this service. Thank you so sooooo much Alana!!! :) :) :)

I can now work from home quietly without the constant loud banging and dog barking. Thank you so much for helping us not feel like prisoners in our own home.

Kelly	03/26/2022	***	Nice lady but my spell has yet to work and I kinda think things like these are scams when they try to get u to spend more money by buying an additional spell they say they can help you with to for example speed things along. So I that was $7.00 wasted. Not worth it.

Lol	09/04/2021	*****	I found Alana's communicating skills excellent and sincere. Generally, on Etsy I find majority of the sellers uncommunicative. They don't respond to queries, don't answer questions, don't confirm orders. Even when you contact them on when to expect delivery, you generally don't get any response. She was a breath of fresh air. She answered all my questions promptly made me feel I mattered. Her messages were reassuring. Thank you Alana
