

Thank you for choosing Northern Arizona Riding Stables camps. We strive to keep our camps at the “lowest risk” level based on CDC recommendations.

**CDC “Lowest Risk”:** Small groups of campers stay together all day, each day. Campers remain at least 6 feet apart and do not share objects. Outdoor activities are prioritized.

Our campers will spend most of the camp outside, except for bathroom breaks and meals. We will attempt to eat outdoors as well, weather permitting, but in or out, we will have the children maintain a safe social distance and tables and chairs are disinfected daily and disposable utensils will be used. Normally we provide meals at our camps but considering this new environment we are in; we will ask that **children bring their own lunches from home**. Individually packaged snacks and sealed water bottles will be provided.

We promote behaviors that reduce spread. We have implemented several strategies to encourage behaviors that reduce the spread of COVID-19 such as staying home when it is appropriate, educating staff, campers about when they should stay home and when they can return to camp.

Campers who are sick or have recently had a close contact with a person with COVID-19 should stay home. And we encourage employees to do the same.

Employees and campers shall stay home if they have tested positive for or are showing COVID-19 symptoms. Employees who have recently had a close contact with a person with COVID-19 will also stay home and monitor their health.

We reinforce handwashing with soap and water for at least 20 seconds and increase monitoring to ensure adherence among campers and staff.

Because our camps are primarily an outdoor activity and staying 6 feet apart while around or on horseback is very easily achieved, cloth face coverings will be optional. However, we will encourage staff and campers to cover coughs and sneezes with a tissue. Used tissues should be thrown in the trash and hands washed immediately with soap and water for at least 20 seconds.

With all this in mind, we cannot provide any guarantee of complete safety from Covid-19. If a camper has close family members or friends who are in a high-risk category for contracting the virus, we suggest they not attend our camps.

Thank you!

NARS Camp Staff
