

L/C PEMF THERAPY

Located in West Georgia, and serving surrounding areas! PEMF is for an animal or person! I am certified in equine, livestock, small animals and people, I am also insured!

MAGNAWAVE PEMF

- A DRUG FREE technology that generates gentle electromagnetic pulsed waves traveling through cells, tissue, bone and organs to rejuvenate the body's natural healthy state
- PEMF increases blood oxygen levels and increases cellular metabolism. Which in turn has a remarkable effect to eliminate pain, reduce inflammation, and other various health conditions without harsh side effects found in drugs

BENEFITS

- Helps reduce muscle soreness and lactic-acid build up associated with exercise
- Increases range of motion
- Increase blood circulation
- Promotes total body relaxation
- Reduces aches and pains
- Reduces stiffness
- Reduces inflammation
- Aids in the healing of wounds
- Aids in digestion complications, gastric ulcers
- Decreases recovery time
- Works with body's natural healing properties
- Improves overall health
- Promotes bone, joint and hoof health
