ART BRINGS JOY

ACTIVE STAIRS

150 River Street, Toronto

Art brings *Joy*. Joy is the energy of strong fulfillment, Victory and Celebration. From Joy, we move into empathy which is where one shares the happiness. This Active Staircase leads to something different on each step one takes. This brings curiosity and wonder for one to search for the Joy that is found on each floor. Different forms of art such as Dance, Photography, Graffiti, and Paintings have the ability to relieve stress, encourage creativity, and bring a sense of accomplishment. Each Art form is unique and allows for those to be open with their own interpretation.
