DURHAM NATION

SATURDAY, NOVEMBER 2, 2024 | 5:30 PM | At The Ranch, Kathryn, North Dakota

Greetings and Welcome to the 14th Annual Durham Nation Sale!

Harvest is full go on the Northern Plains with good yields. Grass is abundant and calves are heavy. Cows are bred. While headwinds exist, optimism prevails for those of us involved in Agriculture. Specifically for those of us involved with the Shorthorn breed, I can't recall any point in my lifetime optimism has been any greater. Why? Shorthorn cattle grade and yield. Shorthorn Cows get pregnant. Shorthorn Bulls breed cows. They are quiet. They are adaptable. They last.

Speaking of work, we as breeders with over 200 years of combined tenure have worked really hard to bring you an incredible set of cattle that comprise the largest Shorthorn sale in the world. The best set of heifer calves top to bottom we have ever had. Intriguing Genetic lots representing the forefront of the breed and industry. A stout set of Age Advantaged Bulls ready to work anywhere. Last, but certainly not least, an awesome set of Shorthorn and Shorthorn Influenced Females stacked with convenience traits, bred to breed leading bulls, ready to provide immediate return for you, the customer. Rest assured, your success is paramount to us. It's why these cattle are tested against the harshest of environments ahead of time. That way, whatever pressures they may face, they will adapt, overcome, and excel. What's better? We'll bring them to you free of charge to let them show you.

On Saturday, November 2, 2024 opportunity abounds. There is only ONE...One place in the world where this much quality, diversity, and volume converge within the Shorthorn breed and hit the auction block, 4 miles South of Kathryn, ND, USA. We hope you can take time from your busy schedules to be with us and see it. You are welcome to stop by anytime prior to, or, on sale weekend. Should it interest you, we invite you to extend your stay, enjoy some upland game or waterfowl hunting while here. As always, the gates are open to the cowherd and Herd Sires. Next is the auction.

With regards to the auction. I have heard many words used to describe it. I'm not sure any really suffice. Here's what I see. I see old friends unite and new ones meet, often from all over the globe. I see people I would have never expected show renewed interest in America's First. I see the excitement. It's so very special and incredibly humbling for me because it's beyond anything I could have ever imagined. It's proof the American Dream remains live and well.

I hope you can join us and see it for yourself.

DURHAMS FOREVER!

Derek F.

SCHEDULE of EVENTS

Friday, November 1

Afternoon Cattle Available for Viewing

Saturday, November 2

12 NOON Cattle Available for Viewing

5:00 PM Complimentary Beef Meal by Carnivore Catering

5:30 PM **Durham Nation 2024**

TRUCKING

We will deliver Free of Charge in the Continental US & to Canadian Points of Entry.

This sale will be broadcast live on the internet.

DVAuction

Broadcasting Real-Time Auctions

Real time bidding & proxy bidding available.

GENERAL SALE INFORMATION

Flushing: All consignors retain a flush on all females selling from their program. The flush will be at our expense and the buyer's convenience with a guarantee of six grade one embryos.

Mailed Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Terms And Conditions: Terms of the sale are cash. Settlement is to be made with the clerk immediately following the sale and before cattle are removed from the premises.

Update On Breeding And Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

Billed Accounts: All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the owners.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All cows tested negative for TB, BVD-PI3 and Johne's Disease. Cows vaccinated with Bovi-Shield Gold and wormed. Calves have had Bovi-Shield Gold, Vision-7 and Cydectin.

Insurance will be available at the settlement desk upon conclusion of the sale.

Announcements made from the auction block take precedence over all printed material in this catalog.

ALL ANIMALS SELLING WILL BE GENETIC CONDITION FREE UNLESS OTHERWISE NOTED.

SEXED HEIFER PREGNANCY

SELLING A SEXED HEIFER PREGNANCY OUT OF JSF KENDRA 268G Sired by the World Record Setting Ronnelle Park Slurpie, due 3-27-25. Recip is a commercial Angus cow #027 that has raised several calves for us, is well-mannered, and, milks well.

SELLING 50% EMBRYO INTEREST

Buyer & Seller Split Flush Costs and all ET calves 50/50. Seller retains full interest in all natural calves and houses 337M at no cost to the Buyer.

I wanted to somehow offer a piece of one that I think has the potential to change the breed just like her mother has. From her earliest days, Preston said "You are NOT selling that one". Here is our compromise. I have always felt it's important to share the best, bull or heifer, for the betterment of the breed. Know this, she will always have a great home, and, a little extra special care from the best in the business, Preston Cargo.

JSF CHOCOLATE DIAMOND 118D
Maternal Granddam To Lot 2

It's no secret that White Diamonds are the rarest of the rare, and, most valuable. We have one, and, are making her available to you in her entirety, 5M. I hope she brings it. She's worth every penny.

CONSIGNEE BY: JUNGELS SHORTHORN FARM

LOT 2A

Elite Show Heifer prospect and one of Cord's top 2 picks in the offering. Moreover, how cool is it that 2 & 2A are products of the first calf crop by bulls sold on our Durhams In the Dakotas 2023 sale? Both were different, yet, high quality, and, breeding like I thought they could. Their use here has been a good reminder to trust my instincts, regardless of what the numbers may say. You will see and hear a whole lot more from 150K & Springsteen because they have the ability to make Shorthorn cattle, better.

LOT 2B

I love this one. Powerful in her design, beautiful dark roan, from a great producing Rose (imagine that). She has the ability to hang a banner but more importantly, generate some return for her new owners once she enters her productive life.

2C, A White Rose, and a RIP. Maternal Half sib to the Herd Sire for Kroner Cattle Co in MB, Clockwork. Check her dams production history. It's impeccable. Speaking of that, her granddaughter settles in at lot 2D, 108M. What a stunner! 2E is a uniquely bred Rose whose dam has done a great job here and is a product of Durham Nation herself! Grandma keeps knocking them out for Jeff over at Deerhorn, check his FB page, I'm betting her bull calf leads off his set here next fall! Last, but certainly not least, perhaps the most uniquely bred one of all, 2F. A Cash back to an ET Baker direct daughter of the great 451, she is incredibly attractive and powerful.

Beautiful trio of Golden Chain Breds here. Take your pick based on color, style, service sire, and go make money. Subtly different, yet rooted in practicality, all tracing back to an awesome Proud Jazz daughter 39X, who sold on Durham Nation in her later years to long time customer Chelsea Schlect.

CONSIGNEE BY: JUNGELS SHORTHORN FARM & SCOTT & ANN DAU

LOT 6

When I was in MT a couple years ago, I wasn't leaving without a piece of Zane's "Picture Cow". That year, I got her heifer calf, the dam of 28M. She bred right back to Cash and I can't decide if I want a bull or heifer year 2. Stunner of a show heifer prospect here!

LOT 6A

A Lily from a very productive young cow from Promise Land Cattle c/o Zane Martin, Fishtail, MT. I tell everyone if you have not been there, you need to go. It's roan Shorthorn cow Heaven. 276M has been a favorite here all her days and is sired by the 2023 Denver Champion bull himself, GCF JW 101J.

I'm not sure where else you can go today and find females from cow families cemented in breed history, raised in ranch country, that are attractive enough to put a halter on and still go make cows. If you know of a place somewhere other than Fishtail, Kathryn, or Java, let me know, I need to get there.

These twin sisters are big, stout, broody breds like we'd expect from the Byland "Money" Bull, Cash. 124L came horned but is bred to the homo polled Joe Cool to ensure you a polled calf. 125L is safe to Mendoza. I have a hunch both have awesome calves for their new owners. I'm not sure which one is better. If it was me, I'd own them both and let them duke it out for years to come. As powerful a pair of Shorthorn breds as will sell all fall.

GCF JW 101J - Sire of Lots 31 & 32

The 2023 Denver National Champion Bull, Raised by Greg Crawford, Roca, NE

An own daughter of the national champion GCF JW 101J, and she sure is a fancy one! She will certainly catch your attention on sale day, and next summer showing her as a February yearling. She has the genetic pieces to make a productive cow as well, ranking in the top 30% for WW, YW, and STAY. She's one of our favorites, and she will be on your short list, too.

Combines a national champion bull with the Miss Spike cow family that is famous in North Dakota. This is the first heifer her dam has ever produced. Not sure why we are letting her go, other than we strive to bring a good group to Durham Nation! Her data shows solid WW, YW, and MILK EPDs as well. 411M should be a fun genetic package for her new owner to breed the next generation of good Shorthorn cattle.

CONSIGNED BY: GREG CRAWFORD FAMILY

LOT 33

Sired by a young Wall Street son that we used in the herd. His dam is a Princess that we selected from K-Kim, and her mother ended up at JSF as the donor cow K-Kim Princess 114P. The dam of 422M is an 8-year-old cow who does a nice job for us. There is longevity on both sides of this young heifer's pedigree, along with a solid number profile.

LOT 34

Our oldest heifer in the calf crop, and she is a well-built, attractive prospect that will make a lot of friends. She should be competitive next summer. Josey Wales daughters have that extra style to them, and they go on to do a good job in production. An added bonus is her solid EPDs across all traits and indexes. Don't miss out on this nice heifer with a bright future in front of her.

LOT 35

Bred AI to JSF Ronan 5H on 5/30/24.

The Robin cow family is a big part of our herd, and her mother, 315A, is one of the good ones. This heifer was her 8th calf, and she is also the mother of a bull we used in the herd, GCF Elliot 710E. 326L has the potential to be a functional, working cow for years to come. Combining this cow family with JSF Ronan 5H should be a successful combination.

LOT 36

Bred AI to JSF Ronan 5H on 5/30/24.

GCF Magie 320L is part of the first crop of JSF Apache 114J daughters to sell. We bought her mother from the Osterdays right here at Durham Nation two years ago, and this is the calf she had in her belly. 320L's pedigree reads with cowmakers all through her lineage: Big Sky, Goldenrod, Broker, and Jake's Proud Jazz, to name a few. Ranks above average for 14 EPDs, including top 5% CED and STAY, as well as top 10% \$CEZ, \$BMI, and \$CPI. She will make a special addition to someone's breeding program. To top it off, she's bred to Ronan!

Lots 37 and 38 are the first ACC Jim Beam 71J heifers we have offered for sale. Can't say enough how excited we are with his calves. There will be a number of his sons at offer in Kathryn in January. This heifer continues to impress me. One of the younger heifers at offer but you wouldn't know it. Her dam comes for the Deerhorn operation.

CONSIGNED BY: PEARL VALLEY SHORTHORNS

LOT 38

The Mazena Lavender females don't often leave the famed Mapleton Polled Shorthorn operation according to Dr. Bert Moore. We were able to bring this heifers dam back to North Dakota from the Family Legacies Sale in Iowa and the mating to our up-and-coming herd sire, ACC Jim Beam 71J, is a winner. This roan heifer is built for the show ring. Great color, long clean front end and Jim Beam's signature massive middle. Have fun with this one.

LOT 39

A unique pedigreed, high caliber heifer that will be hard to let go. Dog gentle, having been to a few shows already, bringing home a few banners for Dan's niece, Madelyn. The dam of this heifer was a many time champion in the Plus ring during her campaign in 21/22, most notable a division champion at Cattleman's Congress in OKC. Bold, stout, and big boned with plenty of extension and right angles to her skeletal design, without sacrificing any depth of rib, complimented by that perfect cherry red color. High end show quality with plenty of donor potential as well.

LOT 54

Ultrasound examined safe, due approximately March 22, 2025 to JSF Mantle 140L. She rises to the top quickly when you study her phenotype and structure. Her sire SBR Perfection is doing an outstanding job for us and her dam was purchased as a heifer calf on a previous Durham Nation sale. The great ones aren't always show heifers.

LOT 55

Ultrasound examined safe, due approximately March 16, 2025 to JSF Mantle 140L. This cow family started by breeding a show heifer to a performance sire and it's sure worked out. Her dam raised a top bull prospect sold to Huff Family in IN, a sale topping bred heifer first sold to Byland, now at Raising Sun in OK. You will easily find this heifer sale day and if you want to stick with like pedigrees see 313's footnote and just take them both home.

Ultrasound examined safe, due approximately March 14, 2025 to JSF Dow Jones 130J. A unique pedigree and a splash of chrome on this 7/8 heifer. We suspect she could raise some show calves based on her dam side then the sire side is performance, giving you many mating options. If she's breed to a purebred Shorthorn her calf will be purebred – oh look she's breed to Dow Jones!

AI'd to Slurpie on July 8th, confirmed pregnant. We are offering 2 very good young cows that are both bred to the record setting Australian sensation, Ronelle Park Slurpie. Only because we want to offer some of the best genetics available do we do this! This cow is the Dam of our high selling bull last year and had one of our top breds the year before. DSC

AI'd to Slurpie on July 8th, confirmed pregnant. This young cow is a tank and so is her Dam! She's a maternal 1/2 sister to 332L who's also in the sale so you can see she is no fluke! This one is really hard to part with and consider her a Huge sale attraction! She's sired by Hector and has Bonanza and Marquis on her bottom side. Her matting to Slurpie makes the possibilities endless! As you know we aren't selling very much Slurpie semen so here is a chance to get one of the first Slurpie calves for yourself!

-1.1	42	54	22	48.88	134.19	46.77	157.12	85	688	5

Suitable for heifers. As stout a Purebred Shorthorn Bull as you will find, anywhere. Uniquely bred. Unique in appearance, yet, Consistent in terms of a mating as he has a full brother that is also sure to turn some heads come January. See them both. Wait for little bro if you want, however, don't be surprised if he costs more.

CONSIGNED BY: JUNGELS SHORTHORN FARM

LOT 150

The heaviest bull in the offering and it comes as no surprise given his sire in Clout and Battlefront Dam from the Miss Spike Tribe. She made our Herd Reference Issue Ad and is one of our best young cows. If you need to add some performance and look, tie into 276L!

LOT 151

Suitable for heifers. Daryl Rahn told me he wanted to buy this bulls dam and thought her mating to Foreplay could really work. Well DR, you were right! Love this bull and had we needed to grab one to help cover cows last summer. This guy was it for me. Herd Sire here.
