# OUR STORY

boarding house to bar

the 152 Club has a rich history that is only best told from the beginning; horse and buggy beginning! in 1881, the Minneapolis & Northwestern railroad company started laying a stretch of tracks through downtown Albertville. the company built a boarding house for its workers, which would eventually be the home of the 152 Club.

the boarding house transformed into a brewery during the tough, dry years of Prohibition; but let us not dwell. it wasn't long before our brewery finally became a bar. around that time, the Minnesota state highway 152 was authorized for construction. its route was to connect Minneapolis to St. Cloud, running directly in front of our boarding house - turned brewery -

turned bar! the 152 CLUB

was born. most of Highway 152 was later replaced by I-94 in the 1970's, but its name lives on.

EAT.....DRINK.....PLAY.....
