VIN VIN

Is Dedicated Truck

Destination

If you are not assigned a lane, you may select your origin and destination, and then scan the VIN QR code or search for a VIN.

Review the VIN just added, Tap on "ADD ANOTHER VIN" to add more VINs to this load.

If you choose to add another VIN, the app will display this screen. Now, you can choose to search/scan another VIN, or, if you are done adding VINs, you can review your load by tapping on "REVIEW LOAD".

CREATE LOA ADD ANOTHER VIN Confirm the VINs displayed on the screen and delete any incorrect ones. Then tap

on "CREATE LOAD" to create a load. You can find the load created in the "Current"

TESLA LOGISTICS APP FEATURE HIGHLIGHTS

B) Edit Your Load

Tap on "ADD ANOTHER VIN" to scan and add more VINs. Tap on "UPDATE LOAD" when you are finished updating a load.

Β4

While adding VINs, you can always tap on "REVIEW LOAD" to review and update the load.

Load Tender

Tap on "VERIFY" to verify that the VIN you are picking up is indeed the VIN assigned to you. You will also be able

to report damage in this process.

C4 < Back

Tap on "Current" from the Tab Bar and select the load to pick up/drop off your current load. Tap on the refresh icon or drag the page down to refresh load information and the search icon to search for a VIN or a load. Tap on the VIN to see vehicle details (C3).

TESLA

Above "Vehicle Details" screen will show when you tap on a VIN/model/Tesla logo in your load. Tap on the horn icon to either honk horn, flash headlights, and view the map to easily find the car. You can also view and report damage by tapping the "DAMAGES" icon.

2020 Tesla Inc. Confidentia

TESLA LOGISTICS APP FEATURE HIGHLIGHTS

When you tap on "VERIFY" from C2, you will be directed to this screen <u>if</u> you were assigned a load. If you built a load yourself through the "Assign" tab, C4 will be skipped and you will see C5 directly because you have already scanned the car.

Tap on "DAMAGES" to report damages or tap on "DONE" to indicate no damage.

Damages

You will first be shown any damage previously reported for that VIN. Please still report any damage you see. Tap on "REPORT DAMAGE" to add a new damage.

If you are reporting damage, select the location of the damage and then input area, type, and severity of the damage.

details. Tap on "REPORT DAMAGE" to

For damage status - you will see "On

Driver Pick-Up" if you report damage

when "Verifying" the VIN; you will see "Before Driver Pick-up" if you report damage by tapping on the VIN.

When you reporting damage or if When you tap "DONE", you will be asked to confirm that you are not missing any more damage and will be liable for any unreported damages.

Now that you've inspected the vehicle, you are ready to depart. Tap on "BEGIN DEPARTURE". You will be asked to provide an ETA to your destination. If you have multiple drop-off destinations, you will be asked for multiple ETAs.

You will be asked to specify the area, type, and severity of the damage and attach photo(s) to this damage report.

TESLA LOGISTICS APP FEATURE HIGHLIGHTS

C) Pick Up Your Load - Inspect Damages and Input ETA

Indicate your drop-off ETA (date and time). If your ETA is later than the need-by date specified, you will be prompted to provide a reason. After providing your ETA, tap on "DEPART" (you will see check boxes if you have multiple VINs in this load).

After you depart your load, you will be able to see it in the "Current" tab with the "To Drop Off" tag.

D) Update ETA During Transit

Tap on 'Current' from the Tab Bar to pick your in-transit load, marked with "To Drop Off". Tap on the ETA you provided and then follow C9 to update your ETA. Don't forget to save at the end.
