

Voices Of The Fire Council

What we do

At Voices of the Fire Council, we strive to create a welcoming community that promotes diversity, inclusivity, and respect for all. We aim to provide a space where members can connect, learn, and grow together.

We recognized a significant gap in communication and resources, particularly regarding notary public services for Indian reservations, and set out to bridge that divide.

We are dedicated to creating skill training, job opportunities, and a sense of pride for underserved individuals. To achieve these goals, we provide workforce development training, organize healing circles, and collaborate with other nonprofits within the community for outreach services. Explore our projects and events to learn more about our ongoing efforts and how we achieve our objectives.

Our Mission

Empower individuals to embrace and celebrate their Indigenous heritage, fostering a deep sense of pride and connection to their ancestral roots. We believe that heritage transcends language; it is woven into the stories, traditions, and values that shape our identities. Through education, community engagement, and cultural initiatives, we aim to inspire a renewed appreciation for Indigenous histories and practices, encouraging everyone to explore their unique backgrounds and share their journeys of discovery. Together, we create a supportive environment where all can recognize the richness of their heritage and its relevance in today's world.

Who we are

Changemakers who believe in showing unconditional love for all, no matter the distance. Voices of the Fire Council is a nonprofit organization based in Katy, Texas, United States.
