

Washington State Noxious Weed Control Board-- MONITOR LIST
Updated October, 2017

Common Name	Scientific Name	Sponsor
Blooddrops	<i>Adonis annua</i>	Nelle Murray
Yellow tuft	<i>Alyssum murale, A. corsicum</i>	Wendy DesCamp
Skeletonleaf bursage	<i>Ambrosia tomentosa</i>	State Weed Board
Giant Reed	<i>Arundo donax</i>	Dave Maiden
Distaff thistle	<i>Carthamus lanatus</i>	Bill Wamsley
Bachelor's button	<i>Centaurea cyanus</i>	Julie Sanderson
Perennial cornflower	<i>Centaurea montana</i>	Julie Sanderson
Featherhead knapweed	<i>Centaurea tricocephala</i>	Dick Jacobson
Bladder senna	<i>Colutea arborescens</i>	Marty Hudson
Narrowleaved crosswort	<i>Crucianella angustifolia</i>	State Weed Board
Lovegrass sedge	<i>Cyperus eragrostis</i>	Jim Comrada
Leopard's bane	<i>Doronicum pardalianches</i>	Emily Stevenson
Water hyacinth	<i>Eichhornia crassipes</i>	Jenifer Parsons
Garden helleborine	<i>Epipactis helleborine</i>	Tim Miller
Moleplant	<i>Euphorbia lathyris</i>	Angelica Velazquez
Dyer's greenwood	<i>Genista tinctoria</i>	Marty Hudson
Venice mallow	<i>Hibiscus trionum</i>	State Weed Board
Eurasian frogs-bit	<i>Hydrocharis morsus-ranae</i>	Alison Halpern
English holly	<i>Ilex aquifolium</i>	Sasha Shaw
Spotted jewelweed	<i>Impatiens capensis</i>	State Weed Board
Small-flowered jewelweed	<i>Impatiens parviflora</i>	State Weed Board
Inula	<i>Inula helenium</i>	Sue Winterowd
Water spinach	<i>Ipomoea aquatica</i>	Jenifer Parsons
Perennial peavine *where escaping into undisturbed habitats	<i>Lathyrus latifolius</i>	State Weed Board
Creeping Jenny	<i>Lysimachia nummularia</i>	Emily Stevenson
Maiden grass	<i>Miscanthus sinensis</i>	State Weed Board
Creeping wire vine	<i>Muehlenbeckia complexa</i>	Toni Cross
Wall lettuce *where escaping into undisturbed habitats	<i>Mycelis muralis</i>	Dan Conley
Empress tree *outside of ornamental plantings	<i>Paulownia tomentosa</i>	State Weed Board
Green alkanet	<i>Pentaglottis sempervirens</i>	Dana Coggon and Jennifer Andreas
Silverlace vine	<i>Polygonum albertii</i>	King County NWCP
Silvery cinquefoil	<i>Potentilla argentea</i>	Janet Nelson
Unicorn-plant	<i>Proboscidea louisianica</i>	Sharon Sorby
Cherry laurel	<i>Prunus laurocerasus</i>	State Weed Board
Watercress	<i>Nasturtium officinale (Rorippa nasturtium-aquaticum)</i>	Cathy Lucero
Creeping fieldcress	<i>Rorippa sylvestris</i>	Pat Stevenson
Multiflora rose	<i>Rosa multiflora</i>	David Giblin
Sweetbriar rose	<i>Rosa rubiginosa (Rosa eglanteria)</i>	George Wooten
Crack willow species	<i>Salix x rubens, Salix alba</i>	Joel Freudenthal

Washington State Noxious Weed Control Board-- MONITOR LIST
Updated October, 2017

Swollen bladderwort	<i>Utricularia inflata</i>	Jenifer Parsons
Tall verbena	<i>Verbena bonariensis</i>	State Weed Board
Periwinkle, large	<i>Vinca major</i>	Angelica Velazquez
Periwinkle	<i>Vinca minor</i>	Angelica Velazquez

Purpose: The purpose of the “monitor list” is to gather more information on suspect weeds, as well as monitor for occurrence or spread. Information collected may be used to justify future inclusion on the state noxious weed list. There is no legal or regulatory aspect to this list (WAC 16-750-025).

Reasons for inclusion:

1. Reason to believe this species is invasive or poses a potential threat to Washington.
2. Additional information is needed on distribution, abundance or biology.
3. The species was once present in Washington and on the State Noxious Weed List. It is now being monitored for reoccurrence.
4. Need to verify existence (site investigation), verify identification and/or obtain voucher specimen.
5. It exists in an adjacent state or province or occurs on an adjacent state or province's noxious weed list and is not known to occur in Washington.

Native species of Washington will not be included on the monitor list. Each weed on the monitor list will be included by vote of the noxious weed committee and will require a sponsor for monitoring. For more information on these species, please contact the sponsor or the State Weed Board 360.902.2082.
