NEW BUSINESS

Kara Kaelber- Franklin Conservation District presentation.

CO Road – Working on trying to set up a meeting with Public Works

ENVU- Has set me up as a Pro Applicator which allows us to receive rebates on products we purchase from Envu. The question that I have for the board is, Should we bill Public Works for Herbicide less rebates? We will not receive rebates until December and we typically bill Public Works in May or June.

WA State Parks – Work done on the upper portion of the Columbia Plateau Trail

DOT – 395 south of the County line, We sprayed Highnoon to help clean up Skeletonweed and Spotted Knapweed. Also, the same day we sprayed Spotted knapweed on the north end of Krug Road equipment yard and Bureau right of way.

Weed Conference- Review of the events, presentations and information provided.

Tree-of- heaven – I have been dealing with a lady that has Tree of Heaven on her property that is coming from the neighboring property. I was willing to help her with it except that the bulk of it is located on the neighbor's property line and they don't get along. Sounds like a liability to me.

BLM – Optimistic about contract for 2026/2027
