

2022 Internship Application

June 13-July 22

Email applications to monica@accessjc.org

Access Justice is looking for students eager for an immersive experience into the legal field, non-profit work, and Christian ministry. We are not looking for students with perfect resumes and impressive experience or knowledge of the legal profession. Instead, we are searching for students with a genuine desire to learn who will value this opportunity, humbly work with their cohort and demonstrate a commitment to participate in this program with their best attitude and effort. As such, *when completing this application, applicants should not feel pressure to impress the selection committee. Applicants should provide honest answers that reflect their true character and interest in the program.*
