This month's meeting begins at 7 pm on January 8, 2019, at Ellendale Church of Christ, 7365 Highway 70 Memphis, TN (1 ½ miles north of Highway 64 (Stage Road)).

Keith WX4EMT will be presenting his FTM100 Go Box setup at the January meeting on Jan 8, 2019. This is a VHF/UHF dual band Fusion capable transceiver that he has set up for quick portable deployments.

Delta Club FCC testing sessions are held monthly except December. Registration begins at 5:30 PM; testing begins by 6:00 PM. Please bring a photo ID and another form of identification, copies of existing licenses or CSCEs, and your FCC Registration Number (FRN) if one has been issued. Please be on time for registration to allow our Volunteer Examiner (VE) team to complete their work prior to the club meeting. The 2019 test fee is $15 (cash or check). Individuals receiving their initial FCC license grant at a Delta Club test session or through a Delta Club training class will receive a complimentary individual club membership for the remainder of the current calendar year when they also show proof of ARRL membership. For more information, please email our VE Liaison, Jeff Krause, AJ4GY, or call at 901-301-6776.

Congratulations to the 2018 NEW Ham of the Year: Mary Jean Hall KN4FBL. Mary Jean has stepped in right after getting her tech license and worked several projects with the Delta Club and also has taken over as club secretary.
January is always a good time to look back on the year past and to look forward to the year ahead. 2018 was another good year for Delta Club and 2019 promises to be even better. We are fortunate to have a large core of active members who over many years have helped us grow to be the club we are today. We are also fortunate to continue to have new members join us, which will help keep Delta Club growing in the future. I would like to take this opportunity to say thank you for what you have done and for what you will continue to do.

January is a good time of the year to update your calendar. A great resource for ham radio events and other information is [http://www.hamcalendar.com](http://www.hamcalendar.com). While this calendar is full, like all of our calendars there is always a way to squeeze in more. Please feel free to let any one of us on the Board of Directors know if there is anything you would like for us to add for 2019. One thing that has been suggested is to look at doing some group HF events in addition to Field Day.

While you are able to submit your Membership Application Form anytime of the year, we would appreciate you using January to start or renew your membership to Delta Club if you have not already done so for 2019. This may also be a good time to look at joining ARRL or if you are already a member it would be a good time to review your membership to know when you will need to renew your ARRL membership.

I look forward to seeing you at the meeting on Tuesday. And don't forget to join us every night at 8:00pm on the 146.820 repeater net. Thanks to our dedicated net controllers the nightly net is a great way to stay updated and in contact with fellow amateur radio operators in the area.

73
Steve
KK4VPT
Please RENEW your Delta membership right away, so you won’t forget about it! Download the new member or renewal form here. Membership for one is $20 or family is $25. You can fill out the form online and email to David Jackson KM4SEC. If you prefer you can print the form and bring the completed form, along with the membership fee to any meeting.

Attendees: Steve Frazier KK4VPT, Bob Van Keuren KM4SEB, Mary Jean Hall KN4FBL, David Jackson KM4SEC, Joe Lowenthal WA4OVO, Bob Vawter KW4RJ, Scott Adams KM4PMU, and Barry McDonald W5CJ
Absent: Ed Taggard K7EDT and Len Grice W4MKS

Steve F. called the meeting to order at 6:30 p.m. at the Ellendale Church of Christ.

David J. read the Treasurer’s Report. He confirmed to the board that he purchased a Dell computer and Quickbooks software for the club. He also updated the board on the status of getting everything switched over from Linda Laseter KJ4CTX, the previous Treasurer.

Barry M. informed the board about some recent issues with the Germantown repeater over the past few weeks that were bad UPS and internet related. Bob V. discussed updating and organizing the website. Mary Jean H. asked for feedback about organizing the member roster. Scott A. gathered feedback about the ham from the December potluck, as well as snacks that are currently offered at meetings.

Joe L. said that an Extra Class is scheduled from January 5 – February 16, 2019, except January 26, from 9 a.m. – 1 p.m. at the Northeast Police Precinct on Appling Farms Parkway. There are currently ten students signed up so far.

The board discussed hosting and encouraging more opportunities for HF activity in 2019, possibly through participation in special events or contests. The board also discussed upcoming opportunities to sell consignment items. A few members will travel to Jackson, MS for the Hamfest in late January to help sell consignment items, including large radios and testing equipment.

The board discussed the review of memberships per the club’s bylaws.

Without objection, Steve F. adjourned the meeting at 8:03 p.m. The next Board of Directors meeting is scheduled for Tuesday, February 5 at 6:30 p.m. at Ellendale Church of Christ.
Call to Order and Opening Remarks
Club President Steve Frazier KK4VPT called the meeting to order at 7:00 p.m. at the Ellendale Church of Christ. Everyone then introduced themselves by name and call sign.

Potluck Dinner
Ham Hillard W4GMM gave the blessing for the potluck dinner. Dinner lasted from 7:04 p.m. – 8:01 p.m.

Secretary’s and Treasurer’s Reports
Ham Hilliard W4GMM moved to approve the previous meeting’s minutes and the Treasurer’s Report as published in Sparks. Dan Wehner KN4FBJ seconded the motion. The minutes and the Treasurer’s Report were unanimously approved by the club.

Training
Joe Lowenthal WA4OVO announced that an Extra Class is scheduled from January 5 – February 16, 2019, except January 26, from 9 a.m. – 1 p.m. at the Northeast Police Precinct on Appling Farms Parkway. Six students will need to sign up for the class to occur. The General Class will test Thursday, Dec. 13, 2018 at 7 p.m. at EMHC. Anyone else wishing to test at that time needs to sign up with Joe Lowenthal WA4OVO before the session.

Awards
Jeff Krause AJ4GY recognized the VEs who helped at the test sessions throughout the year.
Joe Lowenthal WA4OVO recognized the Net Operators for 2018, as well as those individuals who helped with teaching or demonstrations in the classes.
Linda Laseter KJ4CTX recognized the YL Net Operators.
Steve Frazier KK4VPT recognized Mary Jean Hall KN4FBL as the New Ham of the Year.

Drawings and Closing Remarks
Several members won prizes:
Richard Martin K4DXF, plush throw; Mary Jean Hall KN4FBL, $25 Outback gift card; Ray Miller AA4UK, headlamp; Janet Wehner KN4FBI, case; Jim Martin KD4FUU, men’s haircare kit; Scott Adams KN4PMU, $25 Outback gift card; Ervin Ables KU4K, antenna; Ken Laseter KI4AOH, Santa Claus decoration; Doris Banks KJ4THA, BaoFeng radio; Linda Laseter KJ4CTX, BaoFeng radio; Ned Savage KA4BLL, 32” Insignia TV.

Ham Hilliard W4GMM moved to adjourn, and with no objection, Steve Frazier KK4VPT adjourned the meeting at 8:20 p.m. The next Delta Amateur Radio club meeting will be Tuesday, January 8, 2018 at 7 p.m. at the Ellendale Church of Christ
HQ 101 is for new hams, old hams, and hams that want to know more about their hobby. This class is for you and I need to know what you want to learn about, so if you have a subject you are curious about let me know and if there is enough interest I will offer it one month. Email me at w4gmm@bellsouth.net.

HQ 101 will meet at 5:30 pm on January 8, 2019 and the discussion will be HF radios and operation.

(note: HQ101 is meeting 30 minutes earlier this year)
HAM LICENSE TRAINING for 2018
By Joe Lowenthal WA4OVO, Director of Training

There is no charge for classes, but the student is responsible for the purchase of the license manual and the $15 ARRL FCC examination fee.

If you want to take a class, send an email to Joe at wa4ovo@gmail.com with the class name; ie, Tech Class, General Class, or Extra Class, on the Subject line and name, callsign if you have one, email address, and cellphone number in the text.

Licenses Earned in 2018 from Delta Classes
34 Technician
9 General
7 Extra

Note:
The current Technician ARRL Ham Radio License Manual Fourth Edition with question pool that became effective July 1, 2018 for four years. This is the new question pool.

The current ARRL General Class License Manual is the Eighth Edition with question pool that became effective July 1, 2015 for four years.

The current ARRL Extra Class License Manual is the Eleventh Edition with question pool that became effective July 1, 2016 for four years.

As of September 3, 2015 there is no longer any charge for Vanity callsigns.

PLANNED CLASSES
Tech Class 2-19
The next Technician class will probably start in late February 2019 for six weeks either on a Monday or Thursday week nights or Saturdays unless the Extra Class does not materialize.
If you know anyone interested, send an email to wa4ovo@gmail.com with the Subject Line for the class they want and name, email address and cellphone number in the text. If a ham, add callsign to the text.

**CURRENT CLASS**

**Extra Class 1-19 January 5 - February 16, 2019**
Extra Class 1-19 began on January 5th through February 16th excluding January 26th (Jackson MS Hamfest) on six Saturdays from 9am-1pm. Ten students are registered. The location is at the Memphis Police Department Northeast Precinct, Appling Farms Station, at 6850 Appling Farms Parkway.
The students are Scott KM4PMU, Russell KG5AVJ, Steve KM4VYA, Jerry KE4OZ, Carolyn KN4QNV, Jerry KN4KFI, Jim KD4FUU, Robert KN4OEF, Mac KJ4EHE, and Bob KN4PDW.

The instructors are Joe WA4OVO, Paul KA9VAU, Dean N2LAZ, Pat W4OQG, Barry W5CJ, and David KV4QI.

**CLASSES COMPLETED**

**General Class 4-18 November 1 – December 13, 2018**
General Class 4-18 was held from 6:15-9:30 on six Thursday nights from November 1st to December 13th excluding November 22nd at EMHC Ambulance Company training room, 6972 Appling Farms Parkway. Fourteen students started with eleven continuing in the class.
Congratulations to Steve KM4AEO, Carrie KN4LCU, Bill KM4VXW, Jim KD4FUU, Robert KN4OEF, and Bob KN4PDW for upgrading to General.

In addition to the students, congratulations to Carolyn KN4QNV for upgrading to General and William KI5CRC for earning his Technician license.

The instructors were Joe Lowenthal WA4OVO, Pat Lane W4OQG, Len Grice W4MKS, Barry McDonald W5CJ, Perry Hayes N4PSH and John Reiners KN4BVH. The Delta Club VE team led by Jeff Krause AJ4GY provided the FCC testing session at 7pm on December 13th.
General Class 4-18 with Barry W5CJ leading the section.

Len W4MKS is holding the HDMI cable to keep General Class 4-18 going for Joe WA4OVO. Photo by Jim Martin KD4FUU

**Tech Class 3-18 June 28 – August 2, 2018**

Tech Class 3-18 had 12 enthusiastic students meeting on six Thursday nights from 6:15-9:30pm at the EMHC Ambulance Company training room on Appling Farms Parkway. The instructors were Joe WA4OVO, Barry W5CJ, Carrie KN4LCU, Perry N4PSH, and Pat W4OQG.
The equipment demonstrators on August 2nd were Joe WA4OVO on repeater basics, Rick WA4NVM and Richard K4DXF on satellites, Pat W4OQG on HF/MARS/Winlink, John KN4BVH on ARES and Rick KJ4NWQ on APRS.

Tech Class 3-18 showing off their CSCEs. Photo by Perry Hayes N4PSH

Congratulations to the 11 students who earned their Technician licenses: In photo from left to right standing: Rob Dyer KN4OEH, Robert Murry KN4OEF, Robert Cohn KN4OEP, Ian Lucas KN4OEK, Sylvia Lucas KN4OEJ, Kyle Fioranelli KN4OEL, Laura Matthews KN4OEM, Pierce Matthews KN4OEN, Brad Patterson KN4OEO, Rich Wilson KN4OEI, and seated Michelle Dach KN4OEG.

The WCARS VE team of Gary W5EMA, Perry N4PSH, David KM4SEC, Bill WC9S and Joe WA4OVO provided the test session.

Tech Class 2-18 February 24 – April 7, 2018
Tech Class 2-18 was held from February 24th to April 7th except March 10th and 17th on five Saturdays from 9am to 1pm or 9am to 4pm at EMHC ambulance company training room on Appling Farms Pkwy. There were nine students in the class with five finishing testing.
Congratulations to Carrie Blackwell KN4LCU, Phillip Green KN4LCT, Jim Hambrick KN4LCS, David Robertson KN4LCW and John Volmer KN4LCV for earning their Technician licenses. Additional congratulations to Phillip KN4LCT and John KN4LCV for advancing to the General Class license.

The WCARS VE team of Gary W5EMA, David KV4QI, Perry N4PSH, Denise KM4IRR, Bob KW4RJ and Joe WA4OVO provided the test session.

The instructors were Joe Lowenthal WA4OVO, Barry McDonald W5CJ, Pat Lane W4OQG, David Webb KV4QI, Len Grice W4MKS, Perry Hayes N4PSH, and John Reiners KN4BVH.

The equipment demonstrators on April 7th were Joe WA4OVO on repeater basics, Rick Tillman WA4NVM on satellites, Pat Lane W4OQG on HF/MARS/Winlink, John Reiners on ARES and Rick Pellicciotti on APRS. Michael Knight KK4IOH gave an Echolink, D-STAR, and DMR digital presentation on March 24th.
Extra Class 1-18   January 13 – February 24, 2018

Extra Class 1-18 was held on 5 Saturdays and one Sunday from January 13th to February 24th from 9am to 1pm on four Saturdays, 1-5pm on Sunday January 28th, and at 2:30 on Saturday February at EMHC ambulance company training room, 4th for FCC testing. All classes were at EMHC ambulance company, 6972 Appling Farms Pkwy. There were 10 students taking the class with two recent Extras auditing the class.

The students were Dan KN4FBJ, Janet KN4FBI, Billy K4IOA, Jim KN4GJF, David KM4SEC, Todd W4RTV, Ed K7EDT, Mac KJ4EHE, Carlos KK4CRO, and Robert KN4FVT. The auditing Extras were Nathan KX4IA and Rick WB9TCB.

Congratulations to Carlos KB4C (previously KX4IS and KK4CRO) and Todd W4RTV for their Extra upgrade at the February 13th Delta Club test session. Congratulations to Robert Horn KN4FVT, David Jackson KM4SEC, Ed Taggard K7EDT, Mac Tidwell KJ4EHE, and Dan Wehner KN4FBJ for their upgrade to Extra.

Thanks to the Delta Club ARRL team for providing the FCC test session. The VEs were Jeff AJ4GY, Stacy KJ4MDA, Perry N4PSH, Barry W5CJ, Tom KK4ZZZ, Bob KW4RJ, David KV4QI and Joe WA4OVO

The instructors were Joe Lowenthal WA4OVO, Paul Roberts KA9VAU, Dean Honadle N2LAZ, Barry McDonald W5CJ, David Webb KV4QI, and Pat Lane W4OQG.

Tech Review for CBU      January 29, 2018

A Tech Review class was held on January 29th for 18 Christian Brothers University students in the initial Engineering Department upper division elective course, Introduction to Unmanned Aerial Systems. All 18 students earned their Technician license while one also earned her General Class license. The students were either Electrical or Mechanical Engineering majors. Eric Welch WD5FTA is the professor. He is Department Chair of Electrical and Computer Engineering.
Thanks to the Laurel VEC team led by Tim Jones N5PYQ for providing the VE session.
HOW TO PRINT YOUR FCC LICENSE

1. Go to fcc.gov/uls
2. Go to OnLineFiling box, Click on LOG IN
3. Enter your FCC Federal Registration Number (FRN) and Password
   a. If you do not know your FRN, go to Search box and click on License
      Click on Amateur; Enter your callsign in Callsign box;

      Your FRN is in center of page after your name

   b. If you do not know your Password, click on Contact Tech Support after Forgot your Password
4. In When My Licenses screen comes up, Clink on Now in the green line reading “Change your paper authorization preferences here, or download your official electronic authorizations now”
5. In Under Download Authorizations screen, highlight your callsign in the My Authorization area at the bottom left.
6. Click on ADD to right of the highlighted callsign.
7. Highlight your callsign in Authorization to Download and then click on Download on bottom right of screen.
8. If pop-ups are blocked, click on Allow One
9. Click Open at bottom.
10. Print your License.
Remote control units that allow you to operate electronics at a distance have been around since the first TV remotes. Remotes can be infrared light pulses for short distance control or RF for longer distances. Now we can buy a remote system to wire up as we want. The remote system has a transmitter with button for control and receiver board with relays that you can turn off and on. These are nice to build up custom remote systems. The good news is that multiple relay systems are on eBay for under fifteen dollars. They can be infrared or RF. They even have Bluetooth systems you can operate from your phone. The units normally run on 12 VDC and have 2, 4, or 8 relay outputs. If you are looking for a remote relay system look at all the ones on eBay. Go to eBay and search “remote relay board”.

For amateurs looking to upgrade their rotor controllers “Hy-gain“ has a line of digital controllers. They have various models that will replace the old analog units that originally came with the rotors. They have 1 degree accuracy and allow for full automatic computer control of the direction or manual control. These controllers also offer additional features to save you rotor from damage. They check to make sure rotor is not stuck before moving. The controller turns off the motor to allow coasting into direction before applying the brake. The number of coast degrees is adjustable. The displays are extra-large Gas-Plasma readouts. Jog on start function allows for clean brake release before moving to next heading. The controllers are Ham Radio Deluxe software compatible. Check out the site to see all the models they make. The web address is http://www.hy-gain.com/
This is a TV antenna that worked very well for me. I can't vouch mathematically for the dimensions - but versions of this format are all over the web and visible on many commercial antennas. Some antennas like this have a wire mesh reflector, mesh may add gain, but may also block signals from the back side – but that much metal will make the antenna a lot bigger & more visible if used indoors.

The 8 wire elements are 14” bent to make 7” V-elements with 3” spread at the tips. The elements can be copper or brass if you plan on soldering, or some other metal if there are good pressure type connections. Solder will stick to a lot of stuff if it's clean, experiment. You may want to make a first version out of scrap materials to see if it works for you.

The V’s centers are 1.25” apart, and it's 5.25 to 5.5” between the mounting screw sets.

Bow and insulate where connecting wires cross. A quality 300 to 75 ohm matching transformer is necessary at the center terminals, so low loss coaxial cable can be run to your TV.

I opened eyelets, cut sides and made eyelet-hangers as in my pictures. I used the metal out of old windshield wipers – which turned out to be the perfect springy material (guess that would require garbage can/dumpster diving at auto parts dealers).

I indented the wood with the elements in a vise. If stainless wire could be found – that would be good.

It picked up very well on all channels & many unknown ones, but ch 5 was 0%, ch13 was 50% & this is the reason why:

https://www.fcc.gov/media/television/tv-query where I discovered:

234/78mhz(ch 5) = 36 inch = ¼ wave & 234/212 (ch 13) = 13.2 inch

So to receive these lower frequencies, I used old rabbit ears, each extended out to 36” (total = little over 72" wide) and mounted them a few inches behind the wood board – and connected them to the same terminals on the wood with minimal ribbon wire. Mine is on top of the kitchen cabinets, propped up some, turned sideways, with the 72” element laying a couple of inches under it, and it works very well.

Channel 5 now solid, & 13 is good also & must have been satisfied with the long antenna. Didn't experiment with orientation too much - but noticed one end or side must be up some, lying flat didn't work nearly as well.
If nothing else, it’s good to know the current frequencies that virtual-channels and old channel numbers are broadcast on - in case you ever have a lone TV, want to cut the cable, or add services to an internet based TV system.

Connect coax-twin lead matching transformer, and short twin lead (that goes to longer elements) to these center screws.

Homemade 7" V element TV antenna. Adding two longer elements a few inches behind the board will allow reception of low-band VHF like our local ch 5 (two 36" elements).

Wire eyelet was opened and sides cut to make a hanger eyelet.

Also, look at my " Desktop with no icons " article.
http://puppydepot.com/hamcalendar/pages/c%20page%204%20x%203.htm It's really a simple, useful thing to do, once you do it, & get the hang of it.

LOTS of good food!

Thanks, Scott KM4PMU, for getting the HAM!

Delta Club 2018 President, Steve KK4VPT
January 2019

**YL NET** – Please join us each Saturday night at 8:45 p.m. on the 146.820 repeater for the YL Net. We enjoy hearing from you.

**HAPPY NEW YEAR!** Thank you to all the YL’s and OM’s that checked-in and supported the YL Net in 2018. We wish you a prosperous and healthy new year.

Congratulations to Carrie KN4LCU on upgrading to General! We understand you are already working toward your Extra class license. Keep up the good work Carrie.

We enjoy checking in each Saturday night just to see who will join us. We hope you will set your alarm for 8:45 p.m. Saturday night and join in the fun.

**YL LUNCHEON** – In keeping with our normal yearly schedule we did not have a luncheon in December due to all the parties and functions everyone attends leaving little room in their schedules for one more event. We are back on schedule and our January luncheon will be as follows weather permitting.

**JANUARY LUNCHEON WILL BE:**
Saturday
January 12, 2019
11:30 a.m.
Olive Garden Wolfchase Hwy 64

We will begin planning our booth for Free Fest 2019 at the January luncheon. We would love for you to join us and bring your ideas for the YL Silent Auction and craft ideas for our booth. We would especially love for any YL crafters to bring their ideas and samples of their work. We will not have room for everything due to our table size limitations so we will be making our decision at this meeting as to the items we will display for sale. We will be donating to Le Bonheur from our sales.

YLs this is your chance to make new friends, share ideas, ask questions and have fun. Please come join in the fun!
