

2024-2025 Fall/Winter and Holiday Schedule

Hello, I hope all is well with you and your family. It is once again that time of year where the growing begins to slow, and we all finally/hopefully get some relief from cooler weather to come. Please be sure to monitor your watering schedule and adjust accordingly. We are seeing many, many yards going through drought stress from the big change of having rain daily to none. Traffic on the lawn will stress it out and take a long time to recover through the fall as cooler temperatures will slow recovery periods. Make sure your timer is set correctly and water on your watering day(s) for at least 45 minutes per zone until we get some relief. These months tend to be the driest. The planned service schedule is listed below (weather permitting as always). Service days are in yellow. Holidays are green. This bi-weekly schedule will continue until the growing season starts again, usually March or April. We may be on your property on off service weeks and days to focus on areas that need special attention. Please don't confuse this visit with your regular service. Use the calendar below for reference. Remember, if yard art is present, we will not be servicing that area, so please use the schedule to make your plans. If you are planning to light up your hedges with decorative lights that may possibly be overlooked, please let us know in advance so that we do not dismember your lights while trimming hedges. We have seen some that are very well disguised, but we don't catch them all 😊. As we move into the Bi-weekly service we will be available for leaf removal (\$16.00 per 55-gallon contractors' bag), Mulch Installation (\$150.00 per pallet installed-You pay for the mulch, or we can schedule delivery along with install for \$6.75 per bag and general gardening services per hour \$50.00 per person. Minimum-1Hr.). These slots will fill up quickly so please set up a time ASAP. Crape Myrtles will be cut back in December-January unless you request otherwise. If you are a landlord or Property Manager, please forward this to your current tenants. As always, please do not hesitate to call, text or email with any questions or concerns.
