

END OF SCHOOL YEAR REPORT

School

As the school year is slowly going to an end, we want to thank God and all our supporters, especially Footbridge for such an amazing and successful year we have. Our school continue to be top in the district; with our school and students ranking top in various pre-exams tests the local school board have been putting together. All glory and praise go to God. Here is how the exams calendar is looking up so far. Please use this calendar for the purpose of prayer for our kids.

- Last week: 10-11 finished their exams
- This week: K-4th finished their exams
- Next week: 5th will go (this is a national exam)
- Same next week: 6-8 will compose
- June 07-10: 9th graders' turn (national exam)
- June 20-25: 12th grade will take national exam.

The National Exam is a very hard test, and many students across the country usually fail. There are only 2 universities in the entire country so the government tries to limits the number of students who graduate from 12 grade. National exams highlights the academic strength and performance of a school.

WE ARE SPECIALLY GRATEFUL THAT 8 OF OUR OLDER STUDENTS GAVE THEIR LIVES TO CHRIST SO FAR THIS YEAR.

11th Graders

Baptized Students

Devotion Time at School

Church

Our churches came back from Covid lock-down and we have a great Family Camp (Convention) during Easter's weekend. 415 people came for 3 days of fellowship, fun, food and great preaching. (See the pictures below.)

Vocational School

As you all know, we took a giant step of faith by adding a vocational training to our school. God always honors steps of faith and He allows support to pour in and we always have a successful 1st year in running the vocational school. The entire staff, my wife and I feel pretty good on the trajectory we are on in this new endeavor. The students have learned and done amazing things (see the pictures). Right now our vocational school students are helping building homes for people in my village that the mining-company is relocating and the project has been a great learning and practicing opportunity for them. School closes end of July and resumes back September 19th. We are expecting new students and the projection right now is that we will move from 20 students to 50 next year and we are very excited about it.

Here are some things to pray about for the Vocational School:

- Find great teachers and funds to cover their salaries for the next school year
 - Start the foundation for the construction of a 3 story Building for the vocational students
 - Be able to start a Sponsorship Program for the Vocational School
- Below are pictures of the activities of our students in Vocational school

College Students

Our college students enrolled in Footbridge program are doing well. As part of their Spiritual growth, I took them along with other youths from our church to Kumassi, Ghana some 350 miles Journey to Ghana Family Camp end of last month. That was the first time for many of them to cross a border in Africa, and they enjoyed the journey, the convention in Ghana and they learned new things such as exchanging money from TOGO money CFA to Cedis in Ghana; Christian love,(the theme of the convention), the difference between the way Togolese and Ghanaian argue in a bus. (See the pictures)

Our time in Ghana ...

Macey practicing needle sticks and learning how to take blood pressure.
