COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(a) Scope.

(1) This program applies to all Santa Cruz Children’s School employees and all places of employment, with the following exceptions:

- (A) Places of employment with one employee who does not have contact with other persons.
- (B) Employees working from home.
- (C) Employees when covered by section [5199, Aerosol Transmissible Diseases](#).

(b) Definitions. The following definitions apply:

“COVID-19” means coronavirus disease, an infectious disease caused by the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2).

“COVID-19 case” means a person who:

- (1) Has a positive “COVID-19 test” as defined in this section;
- (2) Is subject to COVID-19-related order to isolate issued by a local or state health official; or
- (3) Has died due to COVID-19, in the determination of a local health department or per inclusion in the COVID-19 statistics of a county.

A person is no longer a “COVID-19 case” in this section when a licensed health care professional determines that the person does not have COVID-19, in accordance with recommendations made by the California Department of Public Health (CDPH) or the local health department pursuant to authority granted under the Health and Safety Code or title 17, California Code of Regulations to CDPH or the local health department.

“COVID-19 exposure” means being within six feet of a COVID-19 case for a cumulative total of 15 minutes or greater in any 24-hour period within or overlapping with the “high-risk exposure period” defined by this section. This definition applies regardless of the use of face coverings.

“COVID-19 hazard” means exposure to potentially infectious material that may contain SARS-CoV-2, the virus that causes COVID-19. Potentially infectious materials include airborne droplets, small particle aerosols, and airborne droplet nuclei, which most commonly result from a person or persons exhaling, talking or vocalizing, coughing, sneezing, or procedures performed on persons which may aerosolize saliva or respiratory tract fluids, among other things. This also includes objects or surfaces that may be contaminated with SARS-CoV-2.

“COVID-19 symptoms” means the following unless a licensed health care professional determines the person’s symptoms were caused by a known condition other than COVID-19.

- fever of 100.4 degrees Fahrenheit or higher
- chills
- cough
- shortness of breath or difficulty breathing

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

- fatigue
- muscle or body aches
- headache
- new loss of taste or smell
- sore throat
- congestion or runny nose
- nausea or vomiting, or diarrhea,

“COVID-19 test” means a viral test for SARS-CoV-2 that is:

- (1) Approved by the United States Food and Drug Administration (FDA) or has an Emergency Use Authorization from the FDA to diagnose current infection with the SARS-CoV-2 virus; and
- (2) Administered in accordance with the FDA approval or the FDA Emergency Use Authorization as applicable.

“Exposed workplace” means any work location, working area, or common area at work used or accessed by a COVID-19 case during the high-risk period, including bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas. The exposed workplace does not include buildings or facilities not entered by a COVID-19 case.

Effective January 1, 2021, the “exposed workplace” also includes but is not limited to the “worksite” of the COVID-19 case as defined by Labor Code section 6409.6(d)(5).

“Face covering” means a tightly woven fabric or non-woven material with no visible holes or openings, which covers the nose and mouth.

“High-risk exposure period” means the following time period:

- (1) For persons who develop COVID-19 symptoms: from two days before they first develop symptoms until 10 days after symptoms first appeared, and 24 hours have passed with no fever, without the use of fever-reducing medications, and symptoms have improved; or
- (2) For persons who test positive who never develop COVID-19 symptoms: from two days before until ten days after the specimen for their first positive test for COVID-19 was collected.

(c) Written COVID-19 Prevention Program Components.

Santa Cruz Children’s School has developed this written COVID-19 Prevention Program, in accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention.

Santa Cruz Children’s School’s Prevention Program has been developed in accordance with the issued guidance from the State of California Department of Public Health and Cal/OSHA (Appendix A).

Elements of the COVID-19 Prevention Program include:

(1) System for communicating.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

Santa Cruz Children's School will do all of the following in a form readily understandable by employees:

(A) Employee Reports:

All employees of Santa Cruz Children's School are to, without fear of reprisal, report to their Supervisor or Manager any of the following:

1. **COVID-19 symptoms:** If any employee is experiencing any of the identified symptoms of COVID-19
2. **Possible COVID-19 exposures:** If any employee has been exposed or possibly exposed to an individual who is positive for, or has been diagnosed with COVID-19.
3. **Possible COVID-19 hazards at the workplace:** If any employee becomes aware of a possible hazard in the workplace that could increase the likelihood of exposure to COVID-19.

Methods of Reporting:

1. To Whom: Deric McLean or Joanna McLean
2. How: Email or Phone call or Google Form Incident reports (provided)
3. Where: deric@santacruzchildrenschool/831-254-4646 or joanna@santacruzchildrenschool.com /831-345-3132
4. When: Immediately

(B) Procedures for accommodating employees with medical or other conditions that put them at increased risk of severe COVID-19 illness.

Santa Cruz Children's School's policy is to provide an accommodation process to the best of its ability for employees who can demonstrate that they are or may be at higher risk of severe illness from COVID-19. Santa Cruz Children's school will support and encourage remote work whenever possible for high risk employees or provide the necessary PPE and equipment necessary for any high risk employees that are available to work in person.

The CDC identifies the following individuals as being at an increased risk of severe COVID-19 illness, as set forth in the CDC website: <https://www.cdc.gov/coronavirus/2019-ncov/needextra-precautions/index.html>.

School employees are encouraged to review the list of medical conditions and other conditions and factors identified by the CDC as placing an individual at increased risk of severe illness from COVID-19.

To request an accommodation under Santa Cruz Children's School's policy, employees may make a request with the school directors, Deric and Joanna McLean.

See CDC guidance at the following web address: <https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/older-adults.html>.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(C) Access to COVID-19 testing.

If testing is required in accordance with this written program, Santa Cruz Children's School shall inform any affected employees of the reason for the COVID-19 testing and the possible consequences of a positive test.

Santa Cruz Children's School requires that employees who report to work at the school's worksites or facilities, or comes in to contact with Santa Cruz Children's School staff, students, or families on school business be tested for COVID-19 on a regular surveillance basis of no less than once every two months.

Santa Cruz Children's school will provide free access to these tests through the Santa Cruz County Office of Education but employees may choose to be tested through another facility and notify the school directors of the results.

SANTA CRUZ CHILDREN'S SCHOOL will also inform employees of the possible consequences of a positive COVID-19 test, which may include, but is not limited to,

- a requirement that the employee not report for work at the school during the high-risk exposure period and satisfying the minimum criteria to return to work, as defined in Section IV.K.

Where the school requires testing, SANTA CRUZ CHILDREN'S SCHOOL has adopted policies and procedures that ensure the confidentiality of employees and comply with the Confidentiality of Medical Information Act ("CMIA").¹ Specifically, the School will keep confidential all personal identifying information of COVID-19 cases or persons with COVID-19 symptoms unless expressly authorized by the Employee to disclose such information or as other permitted or required under the law.

(D) COVID-19 hazards and Santa Cruz Children's School's COVID-19 policies and procedures to protect employees and other employers, persons, and entities within or in contact with the employer's workplace.

Santa Cruz Children's School will provide staff who work on campus and directly with students, families, and other staff with access to the supplies and equipment necessary to protect themselves and the

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

Santa Cruz Children's School community. This includes access to multiple levels of PPE, sanitizing equipment, and ventilation equipment and policies, and general policies and procedures to reduce the risk of contracting COVID-19.

Santa Cruz Children's School will notify employees and employers of subcontracted employees of any potential COVID-19 exposure at the school worksite or facility where a COVID-19 case and employee were present on the same day. The school will notify employees of such potential exposures within 12 hours, in a way that does not reveal any personal identifying information of the COVID-19 case. *NOTE: See subsections (c)(3)(C) and (c)(3)(D) for confidentiality requirements for COVID-19 cases.*

SANTA CRUZ CHILDREN'S SCHOOL will also notify employees of cleaning and disinfecting measures the school is undertaking in order to ensure the health and safety of the worksite or facility where the potential exposure occurred.

(2) Identification and evaluation of COVID-19 hazards.

(A) identification and evaluation of COVID-19 hazards

Santa Cruz Children's School will include opportunities for employee and authorized employee representative participation in the identification and evaluation of COVID-19 hazards as follows;

Employees are encouraged to report any suspected hazards, areas for improvement in hazard reduction or potentially unsafe practices, and suspected symptoms of program participants or staff and will not face any retaliation or negative consequences for reporting any concerns to the school directors.

Employees are made aware of all possible COVID-19 symptoms and are instructed to treat ALL symptoms of illness as a potential COVID-19 infection.

Employees are educated about the potential of asymptomatic spread of COVID-19 and to therefore maintain all health and safety protocols at all times and to not become complacent about these procedures.

Employees are instructed how to identify and correct potential areas of increased risks of transmission included but not limited to:

- close contact (with 6 feet) for an extended period of time (longer than 15 minutes)
- Any contact without masks
- poor hygiene habits (washing hands for less than 20 seconds, shared materials/workstations without sanitization, face touching, mask etiquette, etc)

Employees are provided with the tools and supplies necessary to reduce the potential for spreading COVID-19.

Employees are encouraged to report any suspected hazards, areas for improvement in hazard reduction or potentially unsafe practices, and suspected symptoms of program participants or staff and will not face any retaliation or negative consequences for reporting any concerns to the school directors.

(B) Employee Symptom Screening

Santa Cruz Children's School has implemented a process for screening employees for and responding to employees with COVID-19 symptoms.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

Santa Cruz Children’s School on-campus employees complete a daily self-screening for COVID-19 symptoms prior to entering school facilities including reviewing the self-screening checklist, taking their temperature daily, and following all protocols outlined in the checklist in the presence of symptoms.

Staff report any symptoms directly to directors either via phone, email, or google self-reporting form.

On campus employees will also participate in regular surveillance COVID-19 testing to identify any potential asymptomatic cases.

(C) Response to COVID-19 case

Santa Cruz Children’s School has developed COVID-19 policies and procedures to respond effectively and immediately to individuals at the workplace who are a confirmed or suspected COVID-19 case to prevent or reduce the risk of transmission of COVID-19 in the workplace.

If someone is sick or potentially sick	If someone is around someone who is sick
Protocol for COVID-19 Symptoms / Confirmed Positive Case	B. Protocol for Close Contact with Confirmed Positive
<p><i>If you become aware a student/staff member may have COVID-19 Symptoms or may have tested positive for COVID-19:</i></p> <ul style="list-style-type: none"> • Safely interview/gather information • Verify that the individual has symptoms or is indeed a Confirmed Positive Case • Positive cases must isolate immediately for 10 days - See Calendar Scenario 2 below • If on campus, isolate and help them get home • Verify if the individual spent any time on COE/School grounds during infectious period (begins 48 hours prior to showing symptoms or taking COVID-19 test) • Verify if the individual spent 15 minutes over 24 hours within 6 ft of others on COE/School grounds during the infectious period. If yes, <ul style="list-style-type: none"> ○ Complete the Line List ○ Notify County Public Health ○ Implement Close Contact Protocol for those individuals (See Column B) • Contact Jennifer Buesing, • Notify Custodial Team and disinfect all areas where the individual spent time • Send appropriate notification to staff and/or parents 	<p><i>If you become aware a student/staff member may have been around another person with COVID-19 symptoms or someone who tested positive for COVID-19:</i></p> <ul style="list-style-type: none"> • Safely interview/gather information • Verify that the individual spent 15 minutes over 24 hours within 6 ft of a confirmed positive case during infectious period (begins 48 hours prior to showing symptoms or taking COVID-19 test) • Close Contacts must quarantine immediately for 14 days recommended (10 required, 4 days monitoring symptoms) - See Calendar Scenario 1 below • If Close Contact with Positive Case took place on COE/School grounds see COVID-19 Symptoms / Confirmed Positive (See Column A) • Contact Jennifer Buesing

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

<ul style="list-style-type: none">• In the event of a confirmed case on campus, any on-campus close contacts of the confirmed case will transition to remote instruction/learning and instructed to quarantine immediately for a period of 14 days	
--	--

(D) Workplace Assessment

Santa Cruz Children’s School will conduct a workplace-specific assessment to identify all interactions, areas, activities, processes, equipment, and materials that could potentially expose employees to COVID-19 hazards.

Santa Cruz Children’s School will take universal precautions and treat all persons, regardless of symptoms or negative COVID-19 test results, as potentially infectious.

1. This shall include identification of places and times when people may congregate or come in contact with one another, regardless of whether employees are performing an assigned work task or not, for instance during meetings or trainings and including in and around entrances, bathrooms, hallways, aisles, walkways, elevators, break or eating areas, cool-down areas, and waiting areas.
2. This shall include an evaluation of employees’ potential workplace exposure to all persons at the workplace or who may enter the workplace, including coworkers, employees of other entities, members of the public, customers or clients, and independent contractors. Employers shall consider how employees and other persons enter, leave, and travel through the workplace, in addition to addressing fixed work locations.

To assist in simplifying these assessments, Santa Cruz Children’s School will maintain stable groups of students and staff to reduce the number of potential contacts, separate entrances for separate cohorts, physical barriers when social distancing harder to maintain, no indoor spaces/break rooms for socializing or eating among staff, and virtual staff meetings.

(E) Ventilation Systems

For indoor locations, Santa Cruz Children’s School will evaluate how to maximize the quantity of outdoor air and whether it is possible to increase filtration efficiency to the highest level compatible with the existing ventilation system.

This will include but not be limited to:

- All windows and doors open at all times
- Fans pulling air in from outside and exhausting air outside to keep the air exchange rate at 6 times per hour or higher
- Multiple air scrubbing/purifying units

(F) Ongoing monitoring and review of orders and guidance

Santa Cruz Children’s School will monitor and review applicable orders and guidance from the State of California and the local health department related to COVID-19 hazards and prevention, including

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

information of general application and information specific to the employer's industry, location, and operations.

Santa Cruz Children's School fully and faithfully complies with all applicable orders and guidance from the State of California and the local health department. Santa Cruz Children's School administrators monitors local and state COVID-19 guideline websites and attends a weekly meeting with the Santa Cruz COE and their health office liaison for updates and guidance.

(G) Evaluate existing prevention controls

Santa Cruz Children's School will evaluate existing COVID-19 prevention controls at the workplace and the need for different or additional controls or additional/updated staff training.

This includes evaluation of controls related to the correction of COVID-19 hazards, physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment ("PPE"). Any changes and updates are shared with on-campus staff and implemented immediately.

(H) Periodic Inspections

Santa Cruz Children's School will conduct daily inspections to identify unhealthy conditions, work practices, and work procedures related to COVID-19 and to ensure compliance with employers' COVID-19 policies and procedures.

(3) Investigating and responding to COVID-19 cases in the workplace.

(A) Procedure to investigate COVID-19 cases in the workplace.

This includes procedures for verifying COVID-19 case status, receiving information regarding COVID-19 test results and onset of COVID-19 symptoms, and identifying and recording COVID-19 cases.

Santa Cruz Children's School has a procedure for investigating, responding to, and reporting COVID-19 cases in the workplace. As provided below, the procedure provides for the following: (1) the verification of COVID-19 case status; (2) receiving information regarding COVID-19 test results; (3) receiving information regarding the presentation of COVID-19 symptoms; and (4) identifying and recording all COVID-19 cases, (5) alerting possible contacts to COVID-19 exposure and status updates, and (6) following the guidelines for reporting cases to county health and initiating contact tracing protocols.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(B) Response to a COVID-19 case in the workplace:

Santa Cruz Children's School will take all of the following steps in response to a COVID-19 case in the workplace.

1. Determine the day and time the COVID-19 case was last present and, to the extent possible, the date of the positive COVID-19 test(s) and/or diagnosis, and the date the COVID-19 case first had one or more COVID-19 symptoms, if any were experienced.
2. Determine who may have had a COVID-19 exposure. This requires an evaluation of the activities of the COVID-19 case and all locations at the workplace which may have been visited by the COVID-19 case during the high-risk exposure period.

Note: See subsection (c)(10) for exclusion requirements for employees with COVID19 exposure.

3. Give notice of the potential COVID-19 exposure, within one business day, in a way that does not reveal any personal identifying information of the COVID-19 case, to the following:
 - a. All employees and program participants who may have had COVID-19 exposure and their authorized representatives.
 - b. Independent contractors and other employers present at the workplace during the high-risk exposure period.
4. Offer COVID-19 testing at no cost to employees during their working hours to all employees who had potential COVID-19 exposure in the workplace and provide them with the information on benefits described in subsections (c)(5)(B) and (c)(10)(C).
5. Investigate whether any workplace conditions could have contributed to the risk of COVID-19 exposure and what could be done to reduce exposure to COVID-19 hazards.

If Santa Cruz Children's School, in partnership with representatives from Santa Cruz County public health and the COE, determines that there were any close contact COVID-19 exposures, the school will instruct those employees to remain at their home or place of residence and not report to work until such time as the employees satisfy the minimum criteria to return to work set forth in Section IV.K. CDPH "Industry Guidance for Schools and School-Based Programs", p 18, <https://files.covid19.ca.gov/pdf/guidance-schools.pdf>

Additionally, if close contact exposure with a confirmed positive COVID-19 case on school campus is detected, Santa Cruz Children's School will close either the cohort affected or the entire campus for a period of 14 days from the time of exposure for isolation of potential cases, disinfection of school surfaces and air, and reevaluation of protocols and hazard reduction.

(C) Confidentiality of Personal Identifying Information

All personally identifying information regarding COVID-19 cases or persons with COVID-19 symptoms shall be kept confidential. All COVID-19 testing or related medical services provided by the employer under this section and sections 3205.1 through 3205.4 shall be provided in a manner that ensures the confidentiality of employees.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

EXCEPTION to subsection (c)(3)(C): Unredacted information on COVID-19 cases shall be provided to the local health department, CDPH, the Division, the National Institute for Occupational Safety and Health (NIOSH), or as otherwise required by law immediately upon request.

(D) Confidentiality of Employee Medical Records

All Employee medical records are kept confidential and are not disclosed or reported without the employee's express written consent to any person within or outside the workplace.

EXCEPTION 1 to subsection (c)(3)(D): Unredacted medical records shall be provided to the local health department, CDPH, the Division, NIOSH, or as otherwise required by law immediately upon request.

EXCEPTION 2 to subsection (c)(3)(D): This provision does not apply to records that do not contain individually identifiable medical information or from which individually identifiable medical information has been removed.

(E) COVID related leave and compensation for close contact exposure

Santa Cruz Children's School will provide these employees with information regarding COVID-19- related benefits to which the employee may be entitled under applicable federal, state, or local laws. This includes any benefits available under workers' compensation law, the federal Families First Coronavirus Response Act (FFCRA), Labor Code sections 248.1 and 248.5, Labor Code sections 3212.86 through 3212.88, local governmental requirements, the School's own leave policies, and leave guaranteed by contract. Santa Cruz Children's School will continue to provide and will maintain these employees' earnings, seniority, and all other employee rights and benefits, including the employee's right to their former job status, as if the employee had not been removed from their job.

(4) Correction of COVID-19 hazards.

Santa Cruz Children's School will correct unsafe or unhealthy conditions, work practices, policies and procedures in a timely manner based on the severity of the hazard.

This includes, but is not limited to, implementing controls and/or policies and procedures in response to the evaluations conducted related to the identification and evaluation of COVID-19 hazards and investigating and responding to COVID-19 cases in the workplace. This also includes implementing controls related to physical distancing, face coverings, engineering controls, administrative controls, and personal protective equipment (PPE). CDPH "Employer Playbook Supporting a Safer Environment for Workers and Customers", pp. 19- 20, <https://files.covid19.ca.gov/pdf/employer-playbook-for-safe-reopening--en.pdf>

Hazards identified through confirmed workplace COVID-19 cases will be documented in a written incident report which will include the circumstances, the hazards identified, the recommended corrections, and a follow up report to submit upon hazard correction completion.

(5) Training and instruction.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

CDPH “Employer Playbook Supporting a Safer Environment for Workers and Customers”, pp. 25- 27, <https://files.covid19.ca.gov/pdf/employer-playbook-for-safe-reopening--en.pdf>

Santa Cruz Children’s School has developed a training program for all employees with instruction to employees including, but not limited to, the following:

- Santa Cruz Children’s School’s COVID-19 policies and procedures to protect employees from COVID-19 hazards.
- Information regarding COVID-19-related benefits to which the employee may be entitled under applicable federal, state, or local laws. This includes any benefits available under workers’ compensation law, the federal Families First Coronavirus Response Act, Labor Code sections 248.1 and 248.5, Labor Code sections 3212.86 through 3212.88, local governmental requirements, the employer’s own leave policies, and leave guaranteed by contract.
- The fact that COVID-19 is an infectious disease that can be spread through the air when an infectious person talks or vocalizes, sneezes, coughs, or exhales; that COVID19 may be transmitted when a person touches a contaminated object and then touches their eyes, nose, or mouth, although that is less common; and that an infectious person may have no symptoms.
- Methods of physical distancing of at least six feet and the importance of combining physical distancing with the wearing of face coverings.
- The fact that particles containing the virus can travel more than six feet, especially indoors, so physical distancing must be combined with other controls, including face coverings and hand hygiene, to be effective.
- The importance of frequent hand washing with soap and water for at least 20 seconds and using hand sanitizer when employees do not have immediate access to a sink or hand washing facility, and that hand sanitizer does not work if the hands are soiled.
- Proper use of face coverings and the fact that face coverings are not respiratory protective equipment.
- COVID-19 symptoms, and the importance of not coming to work and obtaining a COVID-19 test if the employee has COVID-19 symptoms.
- Provide regular reminders and updates to employees and participants on the School’s policies and procedures to prevent COVID-19 hazards at school worksites and facilities and to protect school employees and program participants.

(6) Physical distancing.

(A) All employees will be separated from other persons by at least six feet when practicable (except where it can be demonstrated that six feet of separation is not possible, and except for momentary exposure while persons are in movement)

Methods of physical distancing include:

- Telework or other remote work arrangements, where feasible;
- Reducing the number of persons in an area at one time, including visitors;
- Visual cues such as signs and floor markings to indicate where employees and others should be located or their direction and path of travel;
- Staggered arrival, departure, work, and break times;
- Adjusted work processes or procedures, to allow greater distance between employees.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(B) When it is not possible to maintain a distance of at least six feet, individuals shall be as far apart as possible.

(7) Face coverings.

All Santa Cruz Children's School staff, students, volunteers, and visitors must wear masks at all times when indoors and at all times outdoors when a minimum of 6 feet physical distancing is not maintainable. The only time masks should be removed is during meal periods and only outdoors with proper physical distancing or indoors in a well ventilated room with only one occupant.

<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/guidance-for-facecoverings.aspx>

(A) Santa Cruz Children's School will:

- Comply with all public health orders regarding face coverings
- Provide face coverings to all employees as needed
- Ensure they are worn by employees over the nose and mouth when;
 - indoors,
 - when outdoors and less than six feet away from another person,
 - and where required by orders from the CDPH or local health department.
- Ensure face coverings are clean and undamaged.
- Ensure face shields are not used as a replacement for face coverings, although they may be worn together for additional protection.
- The following are exceptions to the face coverings requirement:
 1. When an employee is alone in a room.
 2. While eating and drinking at the workplace, provided employees are at least six feet apart and outside air supply to the area, if indoors, has been maximized to the extent possible.
 3. Employees wearing respiratory protection in accordance with section 5144 or other title 8 safety orders.
 4. Employees who cannot wear face coverings due to a medical or mental health condition or disability, or who are hearing-impaired or communicating with a hearing-impaired person.
 5. Specific tasks which cannot feasibly be performed with a face covering. This exception is limited to the time period in which such tasks are actually being performed, and the unmasked employee shall be at least six feet away from all other persons unless unmasked employees are tested at least twice weekly for COVID-19.

NOTE: CDPH has issued guidance for employers that identifies examples when wearing a face covering is likely not feasible.

(B) Employees exempted from wearing face coverings due to a medical condition, mental health condition, or disability shall wear an effective non-restrictive alternative, such as a face shield with a drape on the bottom, if their condition or disability permits it. Santa Cruz Children's School will accommodate any employees or program participants with this limitation to work/participate in Santa Cruz Children's School programs remotely whenever feasible.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(C) Any employee not wearing a face covering, face shield with a drape or other effective alternative, or respiratory protection, for any reason, shall remain outdoors at all times other than the restroom and be at least six feet apart from all other persons unless the unmasked employee is tested at least twice weekly for COVID-19. COVID-19 testing cannot be used as an alternative to face coverings when face coverings are otherwise required.

(D) Santa Cruz Children's School will not prevent any employee from wearing a face covering when required, unless it would create a safety hazard, such as interfering with the safe operation of equipment.

(E) Santa Cruz Children's School will implement the following measures to communicate to non-employees the face coverings requirements on their premises:

Non-employees are notified of mask requirements through posted signage in multiple locations before entering campus, on campus, and at all entrances.

(F) Santa Cruz Children's School has developed COVID-19 policies and procedures to minimize employee exposure to COVID-19 hazards originating from any person not wearing a face covering, including a member of the public. These policies include requiring that employees and non-employees wear face coverings at school worksites and facilities, employees wear face coverings at other times, maintain physical distance from persons not wearing a face covering, and observe proper hand hygiene.

(8) Other engineering controls, administrative controls, and personal protective equipment.

Insert Policies & Procedures to protect employees in this section ...

(A) Partitions

At fixed work locations where it is not possible to maintain the physical distancing requirement at all times, Santa Cruz Children's School will provide cleanable solid partitions when possible that effectively reduce aerosol transmission between the employee and other persons.

(B) Maximize Outdoor Air

For buildings with mechanical or natural ventilation, or both, Santa Cruz Children's School will maximize the quantity of outside air provided to the extent feasible, except when the United States Environmental Protection Agency (EPA) Air Quality Index is greater than 100 for any pollutant or if opening windows or letting in outdoor air by other means would cause a hazard to employees, for instance from excessive heat or cold.

(C) Cleaning and Disinfecting

Santa Cruz Children's School has implemented cleaning and disinfecting procedures, which require:

1. Identifying and regularly cleaning and disinfecting frequently touched surfaces and objects, such as doorknobs, elevator buttons, equipment, tools, handrails, handles, controls, bathroom surfaces, and steering wheels. Santa Cruz Children's School will inform employees and authorized employee representatives of cleaning and disinfection protocols, including the planned frequency and scope of regular cleaning and disinfection.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

2. Prohibiting the sharing of personal protective equipment and to the extent feasible, items that employees come in regular physical contact with such as phones, headsets, desks, keyboards, writing materials, instruments, and tools. When it is not feasible to prevent sharing, sharing shall be minimized and such items and equipment shall be disinfected between uses by different people. Sharing of vehicles shall be minimized to the extent feasible, and high touch points (steering wheel, door handles, seatbelt buckles, armrests, shifter, etc.) shall be disinfected between users.
3. Cleaning and disinfection of areas, material, and equipment used by a COVID-19 case during the high-risk exposure period.

NOTE: Cleaning and disinfecting must be done in a manner that does not create a hazard to employees. See Group 2 and Group 16 of the General Industry Safety Orders for further information.

(D) Handwashing Facilities

To protect employees from COVID-19 hazards, Santa Cruz Children's School will evaluate its handwashing facilities, determine the need for additional facilities, encourage and allow time for employee handwashing, and provide employees with an effective hand sanitizer. Employers shall encourage employees to wash their hands for at least 20 seconds each time and will post reminders and proper handwashing methods at handwashing sites. Provision or use of hand sanitizers with methyl alcohol is prohibited.

(E) Personal protective equipment.

1. Santa Cruz Children's School will evaluate the need for personal protective equipment to prevent exposure to COVID-19 hazards, such as gloves, goggles, and face shields, and provide such personal protective equipment as needed.
2. Santa Cruz Children's School will evaluate the need for respiratory protection in accordance with section 5144 when the physical distancing requirements in subsection (c)(6) are not feasible or are not maintained.
3. Santa Cruz Children's School will provide and ensure use of respirators in accordance with section 5144 when deemed necessary by the Division through the Issuance of Order to Take Special Action, in accordance with title 8 section 332.3.
4. Santa Cruz Children's School will provide and ensure use of eye protection and respiratory protection in accordance with section 5144 when employees are exposed to procedures that may aerosolize potentially infectious material such as saliva or respiratory tract fluids.

NOTE: Examples of work covered by subsection (c)(8)(E)4. include, but are not limited to, certain dental procedures and outpatient medical specialties not covered by section 5199.

(9) Reporting, recordkeeping, and access.

(A) Local Public Health

Santa Cruz Children's School will report information about COVID-19 cases at the workplace to the local health department whenever required by law, and shall provide any related information requested by the local health department.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(B) Cal/OSHA

Santa Cruz Children's School will report immediately to the Division any COVID-19-related serious illnesses or death, as defined under section 330(h), of an employee occurring in a place of employment or in connection with any employment.

(C) Injury & Illness Prevention Program

Santa Cruz Children's School will maintain records of the steps taken to implement the written COVID-19 Prevention Program in accordance with section 3203(b).

(D) Access to the COVID-19 Prevention Program

The written COVID-19 Prevention Program shall be made available at the workplace to employees, authorized employee representatives, and to representatives of the Division immediately upon request.

(E) Access to COVID-19 Case Records

Santa Cruz Children's School will keep a record of and track all COVID-19 cases with the employee's name, contact information, occupation, location where the employee worked, the date of the last day at the workplace, and the date of a positive COVID-19 test. Medical information shall be kept confidential in accordance with subsections (c)(3)(C) and (c)(3)(D). The information shall be made available to employees, authorized employee representatives, or as otherwise required by law, with personal identifying information removed.

Note: Subsection (c)(9)(E) does not alter the right of employees or their representatives to request and obtain an employer's Log of Work-Related Injuries and Illnesses (Log 300), without redaction, or to request and obtain information as otherwise allowed by law.

(10) Exclusion of COVID-19 cases.

(A) COVID-19 Cases

Santa Cruz Children's School will ensure that COVID-19 cases are excluded from the workplace until the return to work requirements in section 11 are met.

(B) COVID-19 Exposure Cases

Santa Cruz Children's School will exclude employees with COVID-19 exposure from the workplace for 14 days after the last known COVID-19 exposure to a COVID-19 case.

(C) Earnings & Benefits while excluded

1. Employees Who Are Able to Telework During Isolation or Quarantine Period: Santa Cruz Children's School will allow employees who are able to telework, and are able and available to work, to telework during the isolation or quarantine period. The school will provide these employees their normal compensation for the work that they perform for the school during the isolation or quarantine period.

2. Employees Who Are Unable to Telework During Isolation or Quarantine Period: The provision of benefits described below does not apply to either:

(1) school employees who the school can demonstrate that the close contact COVID-19 exposure was not work-related; and

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(2) school employees who are unable to work for reasons other than protecting employees and non-employees at school worksites and facilities from possible COVID-19 transmission. Such employees may still use paid sick leave for the purpose of receiving compensation during the isolation or quarantine period if they elect to do so. For other employees, the school will require that employees who are unable to telework, but are otherwise able and available to work, use paid sick leave in order to receive compensation during the isolation or quarantine period. School employees retain their entitlement to elect not to use other earned or accrued paid leave during this time. For all employees who are subject to an isolation or quarantine because of a COVID-19 case or a close contact COVID-19 exposure, the school will maintain the employee's seniority and all other employee rights and benefits, including the employee's right to their former job status, during the isolation or quarantine period. Santa Cruz Children's School may consider benefit payments from public sources, including under the FFCRA and Labor Code section 248.1 (until December 31, 2020 or longer if FFCRA leave and/or Labor Code section 248.1 leave is extended), in determining how to maintain earnings, rights and benefits, where permitted by law and when not covered by workers' compensation.

EXCEPTION 1: Subsection (c)(10)(C) does not apply to any period of time during which the employee is unable to work for reasons other than protecting persons at the workplace from possible COVID-19 transmission.

EXCEPTION 2: Subsection (c)(10)(C) does not apply where the employer demonstrates that the COVID-19 exposure is not work related.

(D) This section does not limit any other applicable law, employer policy, or collective bargaining agreement that provides for greater protections.

(E) Information on Benefits & Leaves

At the time of exclusion, the school will provide the excluded employee the information on benefits to which the employee may be entitled under applicable federal, state, or local laws. This includes any benefits available under workers' compensation law, the FFCRA, Labor Code sections 248.1 and 248.5, Labor Code sections 3212.86 through 3212.88, the school's own leave policies, and leave guaranteed by contract.

EXCEPTION to subsection (c)(10): Employees who have not been excluded or isolated by the local health department need not be excluded by the employer, if they are temporarily reassigned to work where they do not have contact with other persons until the return to work requirements of subsection (c)(11) are met.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(11) Return to work criteria.

CDPH provides the minimum criteria to return to work for symptomatic and asymptomatic COVID-19 cases as well as other employees (CDPH “COVID-19 and Reopening In-Person Learning Framework for K-12 Schools in California, 2020-2021 School Year”, which sets forth the minimum criteria for when a school employee may return to work after a positive COVID-19 test or a close contact with a COVID-19 case at

<https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/COVID-19/Schools%20Reopening%20Recommendations.pdf>)

CDPH “Employer Playbook Supporting a Safer Environment for Workers and Customers”, pp. 15- 19, <https://files.covid19.ca.gov/pdf/employer-playbook-for-safe-reopening--en.pdf>

(A) COVID-19 cases with COVID-19 symptoms shall not return to work until:

1. At least 24 hours have passed since a fever of 100.4 or higher has resolved without the use of fever-reducing medications;
2. COVID-19 symptoms have improved; and
3. At least 10 days have passed since COVID-19 symptoms first appeared.

(B) COVID-19 cases who tested positive but never developed COVID-19 symptoms

Shall not return to work until a minimum of 10 days have passed since the date of specimen collection of their first positive COVID-19 test.

(C) A negative COVID-19 test shall not be required for an employee to return to work.

In accordance with CDC guidance concerning symptom-based strategies for the discontinuation of isolation, the school does not require employees submit to a COVID-19 test, or produce a negative COVID-19 test result, in order to return to work.

(D) If an order to isolate or quarantine an employee is issued by a local or state health official

The employee shall not return to work until the period of isolation or quarantine is completed or the order is lifted. If no period was specified, then the period shall be:

- 10 days from the time the order to isolate was effective, or
- 14 days from the time the order to quarantine was effective.

[Self-Quarantine Guidance for Individuals Exposed to COVID-19](#) These instructions are for people who have been in close contact with someone who has been diagnosed with COVID-19.

[Self-Isolation Instructions for Individuals Who Have or Likely Have COVID-19](#)

[Self-Isolation Guidance for Individuals Who Have or Likely Have COVID-19](#) These instructions are for people who have or likely have COVID-19. They include information for households, families, caregivers, or close contacts.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(E) Division approval of return to work

If there are no violations of local or state health officer orders for isolation or quarantine, the Division may, upon request, allow employees to return to work on the basis that the removal of an employee would create undue risk to a community's health and safety. In such cases, Santa Cruz Children's School will develop, implement, and maintain effective control measures to prevent transmission in the workplace including providing isolation for the employee at the workplace and, if isolation is not possible, the use of respiratory protection in the workplace.

Note: Authority cited: Section 142.3, Labor Code. Reference: Sections 142.3 and 144.6, Labor Code.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

§ 3205.1. Multiple COVID-19 Infections and COVID-19 Outbreaks.

(a) Scope.

(1) This section applies to a place of employment covered by section Santa Cruz Children's School COVID-19 Prevention Program if:

- The exposed workplace has been identified by a local health department as the location of a COVID-19 outbreak or,
- When there are three or more COVID-19 cases in an exposed workplace within a 14-day period.

(2) This section shall apply until there are no new COVID-19 cases detected in a workplace for a 14-day period.

(b) COVID-19 testing.

(1) Santa Cruz Children's School will provide COVID-19 testing to all employees at the exposed workplace except for employees who were not present during the period of an outbreak identified by a local health department or the relevant 14-day period(s) under subsection (a), as applicable. COVID-19 testing shall be provided at no cost to employees during employees' working hours.

(2) COVID-19 testing shall consist of the following:

(A) Immediately upon being covered by this section, all employees in the exposed workplace shall be tested and then tested again one week later. Negative COVID-19 test results of employees with COVID-19 exposure shall not impact the duration of any quarantine period required by, or orders issued by, the local health department.

(B) After the first two COVID-19 tests required by (b)(2)(A), Santa Cruz Children's School will provide continuous COVID-19 testing of employees who remain at the workplace at least once per week, or more frequently if recommended by the local health department, until this section no longer applies pursuant to subsection (a)(2).

(C) District will provide additional testing when deemed necessary by the Division through the Issuance of Order to Take Special Action, in accordance with title 8 section 332.3.

(c) Exclusion of COVID-19 cases.

Santa Cruz Children's School will ensure COVID-19 cases and employees who had COVID-19 exposure are excluded from the workplace in accordance with our COVID-19 Prevention Program and local health officer orders if applicable.

(d) Investigation of workplace COVID-19 illness.

Santa Cruz Children's School will immediately investigate and determine possible workplace related factors that contributed to the COVID-19 outbreak in accordance with our COVID-19 Prevention Program.

(e) COVID-19 Investigation, review and hazard correction.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

In addition to the requirements of our COVID-19 Prevention Program Santa Cruz Children's School will immediately perform a review of potentially relevant COVID-19 policies, procedures, and controls and implement changes as needed to prevent further spread of COVID-19. The investigation and review shall be documented and include:

(1) Investigation of new or unabated COVID-19 hazards including the employer's leave policies and practices and whether employees are discouraged from remaining home when sick; the employer's COVID-19 testing policies; insufficient outdoor air; insufficient air filtration; and lack of physical distancing.

(2) The review shall be updated every thirty days that the outbreak continues, in response to new information or to new or previously unrecognized COVID-19 hazards, or when otherwise necessary.

(3) Santa Cruz Children's School will implement changes to reduce the transmission of COVID-19 based on the investigation and review required by our COVID-19 Prevention Program. Santa Cruz Children's School will consider moving indoor tasks outdoors or having them performed remotely, increasing outdoor air supply when work is done indoors, improving air filtration, increasing physical distancing as much as possible, respiratory protection, and other applicable controls.

(f) Notifications to the local health department.

(1) Santa Cruz Children's School will contact the local health department immediately but no longer than 48 hours after the employer knows, or with diligent inquiry would have known, of three or more COVID-19 cases for guidance on preventing the further spread of COVID-19 within the workplace.

(2) Santa Cruz Children's School will provide to the local health department the total number of COVID-19 cases and for each COVID-19 case, the name, contact information, occupation, workplace location, business address, the hospitalization and/or fatality status, and North American Industry Classification System code of the workplace of the COVID-19 case, and any other information requested by the local health department. Santa Cruz Children's School will continue to give notice to the local health department of any subsequent COVID-19 cases at the workplace.

(3) Effective January 1, 2021, Santa Cruz Children's School will provide all information to the local health department required by Labor Code section 6409.6.

Note: Authority cited: Section 142.3, Labor Code. Reference: Sections 142.3 and 144.6, Labor Code.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

§ 3205.2. Major COVID-19 Outbreaks.

(a) Scope.

(1) This section applies to any place of employment covered by our COVID-19 Prevention Program when:

- there are 20 or more COVID-19 cases in an exposed workplace within a 30-day period.

(2) This section shall apply until there are no new COVID-19 cases detected in a workplace for a 14-day period.

(b) COVID-19 testing.

COVID-19 testing will be provided at no cost to employees during employees' working hours.

Santa Cruz Children's School will provide access to a COVID-19 test to all employees present at the exposed workplace during the quarantine/school closure period as well as any employees who remain at the workplace, even without direct exposure.

(c) Exclusion of COVID-19 cases.

Santa Cruz Children's School will ensure COVID-19 cases and employees with COVID-19 exposure are excluded from the workplace in accordance with our COVID-19 Prevention Program and any relevant local health department orders.

(d) Investigation of workplace COVID-19 illnesses.

Santa Cruz Children's School will comply with the investigation procedures in accordance with our COVID-19 Prevention Program.

(e) COVID-19 hazard correction.

In addition to the requirements of our COVID-19 Prevention Program, Santa Cruz Children's School will take the following actions:

(1) In buildings or structures with mechanical ventilation, employers shall filter recirculated air with Minimum Efficiency Reporting Value (MERV) 13 or higher efficiency filters if compatible with the ventilation system. If MERV-13 or higher filters are not compatible with the ventilation system, employers shall use filters with the highest compatible filtering efficiency. Employers shall also evaluate whether portable or mounted High Efficiency Particulate Air (HEPA) filtration units, or other air cleaning systems would reduce the risk of transmission and shall implement their use to the degree feasible.

(2) Santa Cruz Children's School will determine the need for a respiratory protection program or changes to an existing respiratory protection program under section 5144 to address COVID-19 hazards.

(3) Santa Cruz Children's School will evaluate whether to halt some or all operations at the workplace until COVID-19 hazards have been corrected.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(4) Any other control measures deemed necessary by the Division through the Issuance of Order to Take Special Action, in accordance with title 8 section 332.3.

(f) **Notifications to the local health department.** Employers shall comply with the requirements of section 3205.1(f).

Note: Authority cited: Section 142.3, Labor Code. Reference: Sections 142.3 and 144.6, Labor Code.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

Appendix B: Cal/OSHA Regulations

Subchapter 7. General Industry Safety Orders § 3205. COVID-19 Prevention.

(a) Scope.

(1) This section applies to all employees and places of employment, with the following exceptions:

(A) Places of employment with one employee who does not have contact with other persons.

(B) Employees working from home.

(C) Employees when covered by section 5199.

(2) Nothing in this section is intended to limit more protective or stringent state or local health department mandates or guidance.

(b) Definitions. The following definitions apply to this section and to sections 3205.1 through 3205.4.

“COVID-19” means coronavirus disease, an infectious disease caused by the severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2).

“COVID-19 case” means a person who:

(1) Has a positive “COVID-19 test” as defined in this section;

(2) Is subject to COVID-19-related order to isolate issued by a local or state health official; or

(3) Has died due to COVID-19, in the determination of a local health department or per inclusion in the COVID-19 statistics of a county.

A person is no longer a “COVID-19 case” in this section when a licensed health care professional determines that the person does not have COVID-19, in accordance with recommendations made by the California Department of Public Health (CDPH) or the local health department pursuant to authority granted under the Health and Safety Code or title 17, California Code of Regulations to CDPH or the local health department.

“COVID-19 exposure” means being within six feet of a COVID-19 case for a cumulative total of 15 minutes or greater in any 24-hour period within or overlapping with the “high-risk exposure period” defined by this section. This definition applies regardless of the use of face coverings.

“COVID-19 hazard” means exposure to potentially infectious material that may contain SARS-CoV-2, the virus that causes COVID-19. Potentially infectious materials include airborne droplets, small particle aerosols, and airborne droplet nuclei, which most commonly result from a person or persons exhaling, talking or vocalizing, coughing, sneezing, or procedures performed on persons which may aerosolize saliva or respiratory tract fluids, among other things. This also includes objects or surfaces that may be contaminated with SARS-CoV-2.

“COVID-19 symptoms” means fever of 100.4 degrees Fahrenheit or higher, chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, or diarrhea, unless a licensed health care

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

professional determines the person's symptoms were caused by a known condition other than COVID-19.

"COVID-19 test" means a viral test for SARS-CoV-2 that is:

- (1) Approved by the United States Food and Drug Administration (FDA) or has an Emergency Use Authorization from the FDA to diagnose current infection with the SARS-CoV-2 virus; and
- (2) Administered in accordance with the FDA approval or the FDA Emergency Use Authorization as applicable.

"Exposed workplace" means any work location, working area, or common area at work used or accessed by a COVID-19 case during the high-risk period, including bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas. The exposed workplace does not include buildings or facilities not entered by a COVID-19 case.

Effective January 1, 2021, the "exposed workplace" also includes but is not limited to the "worksite" of the COVID-19 case as defined by Labor Code section 6409.6(d)(5).

"Face covering" means a tightly woven fabric or non-woven material with no visible holes or openings, which covers the nose and mouth.

"High-risk exposure period" means the following time period:

(1) For persons who develop COVID-19 symptoms: from two days before they first develop symptoms until 10 days after symptoms first appeared, and 24 hours have passed with no fever, without the use of fever-reducing medications, and symptoms have improved; or

(2) For persons who test positive who never develop COVID-19 symptoms: from two days before until ten days after the specimen for their first positive test for COVID-19 was collected.

(c) Written COVID-19 Prevention Program. Employers shall establish, implement, and maintain an effective, written COVID-19 Prevention Program, which may be integrated into the employer's Injury and Illness Program required by section 3203, or be maintained in a separate document. The written elements of a COVID-19 Prevention Program shall include:

(1) System for communicating. The employer shall do all of the following in a form readily understandable by employees:

(A) Ask employees to report to the employer, without fear of reprisal, COVID-19 symptoms, possible COVID-19 exposures, and possible COVID-19 hazards at the workplace.

(B) Describe procedures or policies for accommodating employees with medical or other conditions that put them at increased risk of severe COVID-19 illness.

(C) Provide information about access to COVID-19 testing. If testing is required under this section, section 3205.1, or section 3205.2, the employer shall inform affected employees of the reason for the COVID-19 testing and the possible consequences of a positive test.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(D) In accordance with subsection (c)(3)(B)3., communicate information about COVID-19 hazards and the employer's COVID-19 policies and procedures to employees and to other employers, persons, and entities within or in contact with the employer's workplace.

NOTE: See subsections (c)(3)(C) and (c)(3)(D) for confidentiality requirements for COVID-19 cases.

(2) Identification and evaluation of COVID-19 hazards.

(A) The employer shall allow for employee and authorized employee representative participation in the identification and evaluation of COVID-19 hazards.

(B) The employer shall develop and implement a process for screening employees for and responding to employees with COVID-19 symptoms. The employer may ask employees to evaluate their own symptoms before reporting to work. If the employer conducts screening at the workplace, the employer shall ensure that face coverings are used during screening by both screeners and employees and, if temperatures are measured, that non-contact thermometers are used.

(C) The employer shall develop COVID-19 policies and procedures to respond effectively and immediately to individuals at the workplace who are a COVID-19 case to prevent or reduce the risk of transmission of COVID-19 in the workplace.

(D) The employer shall conduct a workplace-specific identification of all interactions, areas, activities, processes, equipment, and materials that could potentially expose employees to COVID-19 hazards. Employers shall treat all persons, regardless of symptoms or negative COVID-19 test results, as potentially infectious.

1. This shall include identification of places and times when people may congregate or come in contact with one another, regardless of whether employees are performing an assigned work task or not, for instance during meetings or trainings and including in and around entrances, bathrooms, hallways, aisles, walkways, elevators, break or eating areas, cool-down areas, and waiting areas.

2. This shall include an evaluation of employees' potential workplace exposure to all persons at the workplace or who may enter the workplace, including coworkers, employees of other entities, members of the public, customers or clients, and independent contractors. Employers shall consider how employees and other persons enter, leave, and travel through the workplace, in addition to addressing fixed work locations.

(E) For indoor locations, the employer shall evaluate how to maximize the quantity of outdoor air and whether it is possible to increase filtration efficiency to the highest level compatible with the existing ventilation system.

(F) The employer shall review applicable orders and guidance from the State of California and the local health department related to COVID-19 hazards and prevention, including information of general application and information specific to the employer's industry, location, and operations.

(G) The employer shall evaluate existing COVID-19 prevention controls at the workplace and the need for different or additional controls. This includes evaluation of controls in subsections (c)(4), and (c)(6) through (c)(8).

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(H) The employer shall conduct periodic inspections as needed to identify unhealthy conditions, work practices, and work procedures related to COVID-19 and to ensure compliance with employers' COVID-19 policies and procedures.

(3) Investigating and responding to COVID-19 cases in the workplace.

(A) Employers shall have an effective procedure to investigate COVID-19 cases in the workplace. This includes procedures for verifying COVID-19 case status, receiving information regarding COVID-19 test results and onset of COVID-19 symptoms, and identifying and recording COVID-19 cases.

(B) The employer shall take the following actions when there has been a COVID-19 case at the place of employment:

1. Determine the day and time the COVID-19 case was last present and, to the extent possible, the date of the positive COVID-19 test(s) and/or diagnosis, and the date the COVID-19 case first had one or more COVID-19 symptoms, if any were experienced.

2. Determine who may have had a COVID-19 exposure. This requires an evaluation of the activities of the COVID-19 case and all locations at the workplace which may have been visited by the COVID-19 case during the high-risk exposure period.

Note: See subsection (c)(10) for exclusion requirements for employees with COVID19 exposure.

3. Give notice of the potential COVID-19 exposure, within one business day, in a way that does not reveal any personal identifying information of the COVID-19 case, to the following:

a. All employees who may have had COVID-19 exposure and their authorized representatives.

b. Independent contractors and other employers present at the workplace during the high-risk exposure period.

4. Offer COVID-19 testing at no cost to employees during their working hours to all employees who had potential COVID-19 exposure in the workplace and provide them with the information on benefits described in subsections (c)(5)(B) and (c)(10)(C).

5. Investigate whether any workplace conditions could have contributed to the risk of COVID-19 exposure and what could be done to reduce exposure to COVID-19 hazards.

(C) Personal identifying information of COVID-19 cases or persons with COVID-19 symptoms shall be kept confidential. All COVID-19 testing or related medical services provided by the employer under this section and sections 3205.1 through 3205.4 shall be provided in a manner that ensures the confidentiality of employees.

EXCEPTION to subsection (c)(3)(C): Unredacted information on COVID-19 cases shall be provided to the local health department, CDPH, the Division, the National Institute for Occupational Safety and Health (NIOSH), or as otherwise required by law immediately upon request.

(D) The employer shall ensure that all employee medical records required by this section and sections 3205.1 through 3205.4 are kept confidential and are not disclosed or reported without the employee's express written consent to any person within or outside the workplace.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

EXCEPTION 1 to subsection (c)(3)(D): Unredacted medical records shall be provided to the local health department, CDPH, the Division, NIOSH, or as otherwise required by law immediately upon request.

EXCEPTION 2 to subsection (c)(3)(D): This provision does not apply to records that do not contain individually identifiable medical information or from which individually identifiable medical information has been removed.

(4) Correction of COVID-19 hazards. Employers shall implement effective policies and/or procedures for correcting unsafe or unhealthy conditions, work practices, policies and procedures in a timely manner based on the severity of the hazard. This includes, but is not limited to, implementing controls and/or policies and procedures in response to the evaluations conducted under subsections (c)(2) and (c)(3) and implementing the controls required by subsection (c)(6) through (c)(8).

(5) Training and instruction. The employer shall provide effective training and instruction to employees that includes the following:

(A) The employer's COVID-19 policies and procedures to protect employees from COVID-19 hazards.

(B) Information regarding COVID-19-related benefits to which the employee may be entitled under applicable federal, state, or local laws. This includes any benefits available under workers' compensation law, the federal Families First Coronavirus Response Act, Labor Code sections 248.1 and 248.5, Labor Code sections 3212.86 through 3212.88, local governmental requirements, the employer's own leave policies, and leave guaranteed by contract.

(C) The fact that COVID-19 is an infectious disease that can be spread through the air when an infectious person talks or vocalizes, sneezes, coughs, or exhales; that COVID-19 may be transmitted when a person touches a contaminated object and then touches their eyes, nose, or mouth, although that is less common; and that an infectious person may have no symptoms.

(D) Methods of physical distancing of at least six feet and the importance of combining physical distancing with the wearing of face coverings.

(E) The fact that particles containing the virus can travel more than six feet, especially indoors, so physical distancing must be combined with other controls, including face coverings and hand hygiene, to be effective.

(F) The importance of frequent hand washing with soap and water for at least 20 seconds and using hand sanitizer when employees do not have immediate access to a sink or hand washing facility, and that hand sanitizer does not work if the hands are soiled.

(G) Proper use of face coverings and the fact that face coverings are not respiratory protective equipment.

(H) COVID-19 symptoms, and the importance of not coming to work and obtaining a COVID-19 test if the employee has COVID-19 symptoms.

(6) Physical distancing.

(A) All employees shall be separated from other persons by at least six feet, except where an employer can demonstrate that six feet of separation is not possible, and except for momentary exposure while

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

persons are in movement. Methods of physical distancing include: telework or other remote work arrangements; reducing the number of persons in an area at one time, including visitors; visual cues such as signs and floor markings to indicate where employees and others should be located or their direction and path of travel; staggered arrival, departure, work, and break times; and adjusted work processes or procedures, such as reducing production speed, to allow greater distance between employees.

(B) When it is not possible to maintain a distance of at least six feet, individuals shall be as far apart as possible.

(7) Face coverings.

(A) Employers shall provide face coverings and ensure they are worn by employees over the nose and mouth when indoors, when outdoors and less than six feet away from another person, and where required by orders from the CDPH or local health department. Employers shall ensure face coverings are clean and undamaged. Face shields are not a replacement for face coverings, although they may be worn together for additional protection. The following are exceptions to the face coverings requirement:

1. When an employee is alone in a room.
2. While eating and drinking at the workplace, provided employees are at least six feet apart and outside air supply to the area, if indoors, has been maximized to the extent possible.
3. Employees wearing respiratory protection in accordance with section 5144 or other title 8 safety orders.
4. Employees who cannot wear face coverings due to a medical or mental health condition or disability, or who are hearing-impaired or communicating with a hearing-impaired person.
5. Specific tasks which cannot feasibly be performed with a face covering. This exception is limited to the time period in which such tasks are actually being performed, and the unmasked employee shall be at least six feet away from all other persons unless unmasked employees are tested at least twice weekly for COVID-19.

NOTE: CDPH has issued guidance for employers that identifies examples when wearing a face covering is likely not feasible.

(B) Employees exempted from wearing face coverings due to a medical condition, mental health condition, or disability shall wear an effective non-restrictive alternative, such as a face shield with a drape on the bottom, if their condition or disability permits it.

(C) Any employee not wearing a face covering, face shield with a drape or other effective alternative, or respiratory protection, for any reason, shall be at least six feet apart from all other persons unless the unmasked employee is tested at least twice weekly for COVID-19. Employers may not use COVID-19 testing as an alternative to face coverings when face coverings are otherwise required by this section.

(D) No employer shall prevent any employee from wearing a face covering when not required by this section, unless it would create a safety hazard, such as interfering with the safe operation of equipment.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(E) Employers shall implement measures to communicate to non-employees the face coverings requirements on their premises.

(F) The employer shall develop COVID-19 policies and procedures to minimize employee exposure to COVID-19 hazards originating from any person not wearing a face covering, including a member of the public.

(8) Other engineering controls, administrative controls, and personal protective equipment.

(A) At fixed work locations where it is not possible to maintain the physical distancing requirement at all times, the employer shall install cleanable solid partitions that effectively reduce aerosol transmission between the employee and other persons.

(B) For buildings with mechanical or natural ventilation, or both, employers shall maximize the quantity of outside air provided to the extent feasible, except when the United States Environmental Protection Agency (EPA) Air Quality Index is greater than 100 for any pollutant or if opening windows or letting in outdoor air by other means would cause a hazard to employees, for instance from excessive heat or cold.

(C) Employers shall implement cleaning and disinfecting procedures, which require:

1. Identifying and regularly cleaning and disinfecting frequently touched surfaces and objects, such as doorknobs, elevator buttons, equipment, tools, handrails, handles, controls, bathroom surfaces, and steering wheels. The employer shall inform employees and authorized employee representatives of cleaning and disinfection protocols, including the planned frequency and scope of regular cleaning and disinfection.

2. Prohibiting the sharing of personal protective equipment and to the extent feasible, items that employees come in regular physical contact with such as phones, headsets, desks, keyboards, writing materials, instruments, and tools. When it is not feasible to prevent sharing, sharing shall be minimized and such items and equipment shall be disinfected between uses by different people. Sharing of vehicles shall be minimized to the extent feasible, and high touch points (steering wheel, door handles, seatbelt buckles, armrests, shifter, etc.) shall be disinfected between users.

3. Cleaning and disinfection of areas, material, and equipment used by a COVID-19 case during the high-risk exposure period.

NOTE: Cleaning and disinfecting must be done in a manner that does not create a hazard to employees. See Group 2 and Group 16 of the General Industry Safety Orders for further information.

(D) To protect employees from COVID-19 hazards, the employer shall evaluate its handwashing facilities, determine the need for additional facilities, encourage and allow time for employee handwashing, and provide employees with an effective hand sanitizer. Employers shall encourage employees to wash their hands for at least 20 seconds each time. Provision or use of hand sanitizers with methyl alcohol is prohibited.

(E) Personal protective equipment.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

1. Employers shall evaluate the need for personal protective equipment to prevent exposure to COVID-19 hazards, such as gloves, goggles, and face shields, and provide such personal protective equipment as needed.
2. Employers shall evaluate the need for respiratory protection in accordance with section 5144 when the physical distancing requirements in subsection (c)(6) are not feasible or are not maintained.
3. Employers shall provide and ensure use of respirators in accordance with section 5144 when deemed necessary by the Division through the Issuance of Order to Take Special Action, in accordance with title 8 section 332.3.
4. Employers shall provide and ensure use of eye protection and respiratory protection in accordance with section 5144 when employees are exposed to procedures that may aerosolize potentially infectious material such as saliva or respiratory tract fluids.

NOTE: Examples of work covered by subsection (c)(8)(E)4. include, but are not limited to, certain dental procedures and outpatient medical specialties not covered by section 5199.

(9) Reporting, recordkeeping, and access.

(A) The employer shall report information about COVID-19 cases at the workplace to the local health department whenever required by law, and shall provide any related information requested by the local health department.

(B) The employer shall report immediately to the Division any COVID-19-related serious illnesses or death, as defined under section 330(h), of an employee occurring in a place of employment or in connection with any employment.

(C) The employer shall maintain records of the steps taken to implement the written COVID-19 Prevention Program in accordance with section 3203(b).

(D) The written COVID-19 Prevention Program shall be made available at the workplace to employees, authorized employee representatives, and to representatives of the Division immediately upon request.

(E) The employer shall keep a record of and track all COVID-19 cases with the employee's name, contact information, occupation, location where the employee worked, the date of the last day at the workplace, and the date of a positive COVID-19 test. Medical information shall be kept confidential in accordance with subsections (c)(3)(C) and (c)(3)(D). The information shall be made available to employees, authorized employee representatives, or as otherwise required by law, with personal identifying information removed.

Note: Subsection (c)(9)(E) does not alter the right of employees or their representatives to request and obtain an employer's Log of Work-Related Injuries and Illnesses (Log 300), without redaction, or to request and obtain information as otherwise allowed by law.

(10) Exclusion of COVID-19 cases. The purpose of this subsection is to limit transmission of COVID-19 in the workplace.

(A) Employers shall ensure that COVID-19 cases are excluded from the workplace until the return to work requirements of subsection (c)(11) are met.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(B) Employers shall exclude employees with COVID-19 exposure from the workplace for 14 days after the last known COVID-19 exposure to a COVID-19 case.

(C) For employees excluded from work under subsection (c)(10) and otherwise able and available to work, employers shall continue and maintain an employee's earnings, seniority, and all other employee rights and benefits, including the employee's right to their former job status, as if the employee had not been removed from their job.

Employers may use employer-provided employee sick leave benefits for this purpose and consider benefit payments from public sources in determining how to maintain earnings, rights and benefits, where permitted by law and when not covered by workers' compensation.

EXCEPTION 1: Subsection (c)(10)(C) does not apply to any period of time during which the employee is unable to work for reasons other than protecting persons at the workplace from possible COVID-19 transmission.

EXCEPTION 2: Subsection (c)(10)(C) does not apply where the employer demonstrates that the COVID-19 exposure is not work related.

(D) Subsection (c)(10) does not limit any other applicable law, employer policy, or collective bargaining agreement that provides for greater protections.

(E) At the time of exclusion, the employer shall provide the employee the information on benefits described in subsections (c)(5)(B) and (c)(10)(C).

EXCEPTION to subsection (c)(10): Employees who have not been excluded or isolated by the local health department need not be excluded by the employer, if they are temporarily reassigned to work where they do not have contact with other persons until the return to work requirements of subsection (c)(11) are met.

(11) Return to work criteria.

(A) COVID-19 cases with COVID-19 symptoms shall not return to work until:

1. At least 24 hours have passed since a fever of 100.4 or higher has resolved without the use of fever-reducing medications;
2. COVID-19 symptoms have improved; and
3. At least 10 days have passed since COVID-19 symptoms first appeared.

(B) COVID-19 cases who tested positive but never developed COVID-19 symptoms shall not return to work until a minimum of 10 days have passed since the date of specimen collection of their first positive COVID-19 test.

(C) A negative COVID-19 test shall not be required for an employee to return to work.

(D) If an order to isolate or quarantine an employee is issued by a local or state health official, the employee shall not return to work until the period of isolation or quarantine is completed or the order is lifted. If no period was specified, then the period shall be 10 days from the time the order to isolate was effective, or 14 days from the time the order to quarantine was effective.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(E) If there are no violations of local or state health officer orders for isolation or quarantine, the Division may, upon request, allow employees to return to work on the basis that the removal of an employee would create undue risk to a community's health and safety. In such cases, the employer shall develop, implement, and maintain effective control measures to prevent transmission in the workplace including providing isolation for the employee at the workplace and, if isolation is not possible, the use of respiratory protection in the workplace.

Note: Authority cited: Section 142.3, Labor Code. Reference: Sections 142.3 and 144.6, Labor Code.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

§ 3205.1. Multiple COVID-19 Infections and COVID-19 Outbreaks.

(a) Scope.

(1) This section applies to a place of employment covered by section 3205 if it has been identified by a local health department as the location of a COVID-19 outbreak or when there are three or more COVID-19 cases in an exposed workplace within a 14-day period.

(2) This section shall apply until there are no new COVID-19 cases detected in a workplace for a 14-day period.

(b) COVID-19 testing.

(1) The employer shall provide COVID-19 testing to all employees at the exposed workplace except for employees who were not present during the period of an outbreak identified by a local health department or the relevant 14-day period(s) under subsection (a), as applicable. COVID-19 testing shall be provided at no cost to employees during employees' working hours.

(2) COVID-19 testing shall consist of the following:

(A) Immediately upon being covered by this section, all employees in the exposed workplace shall be tested and then tested again one week later. Negative COVID-19 test results of employees with COVID-19 exposure shall not impact the duration of any quarantine period required by, or orders issued by, the local health department.

(B) After the first two COVID-19 tests required by (b)(2)(A), employers shall provide continuous COVID-19 testing of employees who remain at the workplace at least once per week, or more frequently if recommended by the local health department, until this section no longer applies pursuant to subsection (a)(2).

(C) Employers shall provide additional testing when deemed necessary by the Division through the Issuance of Order to Take Special Action, in accordance with title 8 section 332.3.

(c) Exclusion of COVID-19 cases. Employers shall ensure COVID-19 cases and employees who had COVID-19 exposure are excluded from the workplace in accordance with subsections 3205(c)(10) and (c)(11) and local health officer orders if applicable.

(d) Investigation of workplace COVID-19 illness. The employer shall immediately investigate and determine possible workplace related factors that contributed to the COVID-19 outbreak in accordance with subsection 3205(c)(3).

(e) COVID-19 Investigation, review and hazard correction. In addition to the requirements of subsection 3205(c)(2) and 3205(c)(4), the employer shall immediately perform a review of potentially relevant COVID-19 policies, procedures, and controls and implement changes as needed to prevent further spread of COVID-19. The investigation and review shall be documented and include:

(1) Investigation of new or unabated COVID-19 hazards including the employer's leave policies and practices and whether employees are discouraged from remaining home when sick; the employer's COVID-19 testing policies; insufficient outdoor air; insufficient air filtration; and lack of physical distancing.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

(2) The review shall be updated every thirty days that the outbreak continues, in response to new information or to new or previously unrecognized COVID-19 hazards, or when otherwise necessary.

(3) The employer shall implement changes to reduce the transmission of COVID-19 based on the investigation and review required by subsections (e)(1) and (e)(2). The employer shall consider moving indoor tasks outdoors or having them performed remotely, increasing outdoor air supply when work is done indoors, improving air filtration, increasing physical distancing as much as possible, respiratory protection, and other applicable controls.

(f) Notifications to the local health department.

(1) The employer shall contact the local health department immediately but no longer than 48 hours after the employer knows, or with diligent inquiry would have known, of three or more COVID-19 cases for guidance on preventing the further spread of COVID-19 within the workplace.

(2) The employer shall provide to the local health department the total number of COVID-19 cases and for each COVID-19 case, the name, contact information, occupation, workplace location, business address, the hospitalization and/or fatality status, and North American Industry Classification System code of the workplace of the COVID-19 case, and any other information requested by the local health department. The employer shall continue to give notice to the local health department of any subsequent COVID-19 cases at the workplace.

(3) Effective January 1, 2021, the employer shall provide all information to the local health department required by Labor Code section 6409.6.

Note: Authority cited: Section 142.3, Labor Code. Reference: Sections 142.3 and 144.6, Labor Code.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

§ 3205.2. Major COVID-19 Outbreaks.

(a) Scope.

(1) This section applies to any place of employment covered by section 3205 when there are 20 or more COVID-19 cases in an exposed workplace within a 30-day period.

(2) This section shall apply until there are no new COVID-19 cases detected in a workplace for a 14-day period.

(b) COVID-19 testing. Employers shall provide twice a week COVID-19 testing, or more frequently if recommended by the local health department, to all employees present at the exposed workplace during the relevant 30-day period(s) and who remain at the workplace.

COVID-19 testing shall be provided at no cost to employees during employees' working hours.

(c) Exclusion of COVID-19 cases. Employers shall ensure COVID-19 cases and employees with COVID-19 exposure are excluded from the workplace in accordance with subsections 3205(c)(10) and (c)(11) and any relevant local health department orders.

(d) Investigation of workplace COVID-19 illnesses. The employer shall comply with the requirements of subsection 3205(c)(3).

(e) COVID-19 hazard correction. In addition to the requirements of subsection 3205(c)(4), the employer shall take the following actions:

(1) In buildings or structures with mechanical ventilation, employers shall filter recirculated air with Minimum Efficiency Reporting Value (MERV) 13 or higher efficiency filters if compatible with the ventilation system. If MERV-13 or higher filters are not compatible with the ventilation system, employers shall use filters with the highest compatible filtering efficiency. Employers shall also evaluate whether portable or mounted High Efficiency Particulate Air (HEPA) filtration units, or other air cleaning systems would reduce the risk of transmission and shall implement their use to the degree feasible.

(2) The employer shall determine the need for a respiratory protection program or changes to an existing respiratory protection program under section 5144 to address COVID-19 hazards.

(3) The employer shall evaluate whether to halt some or all operations at the workplace until COVID-19 hazards have been corrected.

(4) Any other control measures deemed necessary by the Division through the Issuance of Order to Take Special Action, in accordance with title 8 section 332.3.

(f) Notifications to the local health department. Employers shall comply with the requirements of section 3205.1(f).

Note: Authority cited: Section 142.3, Labor Code. Reference: Sections 142.3 and 144.6, Labor Code.

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*

COVID-19 Prevention Program

An Addendum to the Injury and Illness Program: *In accordance with TITLE 8, DIVISION 1, CHAPTER 4, Subchapter 7. General Industry Safety Orders Section 3205, COVID-19 Prevention*
