Spray/aerosol-penetration resistant, biohazard-protective coverall, for use in EVD patient-isolation units for infection prevention and control against viral penetration.

## Protects Against

### **Type 6 Substances:**

Light liquid splashes

### **Viruses and is ideal to use for:**

Health Care Professionals during their fight against Corona virus, Covid-19

# Protection Coverall

## CAT III Type 6

PRODUCT CODE

HND-PC-600-1

### Technical Specifications and Features

- Made from breathable lightweight spun-bond polypropylene material – 60 GSM
- Lightweight, do not contain rubber/ latex
- Elasticated hood around face
- Elasticated cuffs and ankles
- Elasticated sleeves with thumb loop
- Zipper with re-sealable flap protecting leakage through seams
- Elasticated boot covers stitched with legs of coverall making it one
- Manages moisture efficiently making it ideal for warm weathers and extended wear
- Optional: Antistatic finish
- Available in White color
- Non-sterile
- Single Use, disposable

### Limitations of Use, Storage & Disposal

#### Do not use for:

- Environments of high mechanical risks like tear, abrasions and cuts
- Exposure to substances beyond Type 4, 5 and 6
- Environments requiring contact with heavy oils, sparks or flame, combustible liquids

---

#### Storage:

- Store in a dry and clean place in its original packaging
- Store away from direct sunlight or sources of high temperature
- Shelf life is one year in its original packaging if stored as stated above

---

#### Disposal:

- Dispose it after one-time use
- Replace garments if damaged or contaminated
- Handle and dispose-off contaminated garments with care (in a biohazard waste container, collected and destroyed)

Do not wash

Do not reuse

Do not machine dry

Do not dry clean

Keep away from fire

Do not iron
