This is intended to make childcare more available, which would support the well-being of children, families, the workforce, and society as a whole.

Shall the Missouri Constitution be amended to authorize laws, passed before December 31<sup>st</sup>, 2026, that increase minimum funding for a police force established by a state board of police commissioners to ensure such police force has additional resources to serve its communities?

This would authorize a law passed in 2022 increasing required funding by the City of Kansas City for police department requests from 20% of general revenue to 25%, an increase of \$38,743,646, though the City previously provided that level of funding voluntarily. No other state or local governmental entities estimate costs or savings.
