

Fort Lauderdale Tiki

Charter rules and Cancellation policy

Our Tiki can accommodate up to 6 passengers plus a certified Captain. We are fully equipped with 6 barstools and a large Tikihut cover. Life vests are available for your safety and as requested under US Coast Guard regulations.

We supply a cooler, Ice and water.

Our sound system is Bluetooth enabled, so you can play your own tunes. LED lighting for safety and ambiance.

Charter rules:

Feel free to bring your own drinks. We supply a large cooler with Ice and water. Please do not bring your own. We can make stops along the way, if you choose to purchase additional alcoholic and nonalcoholic drinks. Feel free to bring snacks along. Just keep in mind, that it can get windy, so if it holds up at a Picnic, it will do on the Tiki. For safety reasons, we have the right to refuse boarding to anybody, that appears intoxicated, without issuing a refund.

Cancellation policy:

Unless severe weather occurs, our Charter runs rain or shine. This is Florida and our weather can change every hour. If severe

weather does occur prior to start of tour, Fort Lauderdale Tiki reserves the right to offer a rain check. We are not able to offer a credit if the tour has already started.

Payments are due in full. Cancellations must be made 24 hours prior to receive a full refund.

What to expect:

We take a Cruise along the Intracoastal waterway. We will stop along the way at a restaurant. This will give you the opportunity to use the facilities (none on board the Tiki) , purchase additional drinks, or snacks. If the weather permits, we can stop at the Sandbank for some cooling off, before heading back. Our Captain can adjust the schedule depending on timeframe. If you choose to skip the Restaurant and Sandbank stop and just want to cruise along the canals, let our captain's know and they will adjust accordingly. This is your time on the Tiki and as long as we stay within our timeframe and safety requirements, we have no problem adjusting.

Please bring along a towel, if you choose to cool off, sunscreen and optional a wind jacket for cooler days.

Our Captains are awesome and very knowledgeable about the area and will make your Tiki experience fun and memorable. So if you leave with a smile, make sure they do as well by tipping the customary 20%, or whatever you seem appropriate.
