Good morning Sem,

Thank you for reaching out and sharing your proposal regarding the National Centre of Police Excellence. The Premier's office has forwarded your request to our office, and I will be coordinating on behalf of the Deputy Premier and Minister of Public Safety and Emergency Services, Hon. Mike Ellis to set up the meeting.

I wanted to let you know that the Minister has a very busy schedule throughout July and August. We appreciate your patience and understanding as we work to find an appropriate time for a meeting. I will be in touch with you sometimes this month to provide some possible dates in September so we can have a meeting with Minister.

Thank you again for your initiative and for your commitment to strengthening public trust and policing in Canada. Please feel free to reach out if you have any questions in the meantime.

Best regards,

Louisa
