

ENDURANCE RIDING:

CLINICS: International competitor Darolyn Butler, Gold Medalist and Five Time National Champion Endurance Rider, hosts endurance riding clinics for all levels, from the absolute novice to the experienced rider, anyone who would like to get that winning edge.

Clinics simulate a real endurance ride, including cooling horse on the trail and vet check/gate procedures, in addition we will teach you how to pace, and condition yourself and your horse. You can bring your own horse or lease one of ours. Half and full day clinics are offered on our multi-day DJB Enduro Buffs Clinics.

COMPETITION: We can haul your horse to endurance competitions or you can lease one of ours.

CONDITIONING FOR ENDURANCE HORSES: If you would like to endurance ride on your horse and just can't seem to find the time to train, we can do it for you.

ENDURANCE TACK: Cypress Trails has new and used endurance saddles for sale. We do bare saddle tree saddle fitting, for a perfect fit for your horse. Custom fit and order the Sharon Saare saddle that fits your horse today. We also sell Biothane tack.

BAREFOOTING:

Darolyn advocates Natural Horse Keeping (Barefootin') and will give demonstrations and seminars on physiological hoof trimming.

More information about our offerings can be found on our website.
