NOTES FROM LA CASITA

4 INGREDIENTS! That's it and this is absolutely one of the simplest recipes that I've ever shared.

All you need is corn, cream cheese, butter, and La Casita Hot Sauce Abuela's Mild.

DIRECTIONS

- 1) Preheat oven to 350 degrees.
- 2) In a oven/microwave safe dish, melt butter and cream cheese. I used the microwave, 60 second intervals until soft and melted. Mix well with a fork.
- 3) Add La Casita Hot Sauce Abuela's Mild and mix well into the cream cheese and butter.
- 4) Drain corn and stir into the mixture.
- 5) Bake at 350 degrees for 30 minutes.
- 6) Allow to rest prior to serving. Salt & Pepper to taste
- 7) Optional, top with cheddar cheese and add to dish the last 10 minutes. Allow to melt and serve.
