

CEVICHE

Chow Down

HELP WITH OUR MISSION

The Ceviche Chow Down is a fundraiser for Mission FISH. The Purpose of Mission FISH is to organize and plan fishing day trips and provide therapy for PTSD and TBI for Veterans, Active Duty Service Members, 1st Responders and Gold Star Families.

Studies have shown that Fishing has mental health benefits. Being in nature can improve your mood and also has positive long term effects on depression and memory. We bring together participants who could be in need of interacting with others while sharing a day together, building friendships and self-esteem.

BEHIND THE MISSION

In the summer of 2023 the Ceviche Chow Down was born. Our premier chow down sold out, meeting our goals, while receiving positive feedback from both the guests and our sponsors. The money raised helped to fund "Operation Anacapa", our annual fishing trip that takes over 100 heroes fishing. The Ceviche Chow Down is a Fundraiser for Mission FISH. The Purpose of Mission FISH is to organize and host fishing day trips to provide therapy for Veterans, Active Duty, First Responders & Gold Star Families.
