11TH ANNUAL SOUTHEASTERN REGIONAL TEACHERS' WORKSHOP

November 5 - 6, 2021

Greetings in the name of Him who hold all life in His hands.

This year will mark our 11th annual Teachers Workshop and we are preparing for a monumental program. Our theme is "Understanding the pros and the cons of the progressive movement".

With new issues of great concern facing the church, we want to equip our teachers to embrace the wisdom of God as we embark upon some uncharted territories.

Our principle scripture is Heb.13:8, 9 "Understanding the pros and the cons of the progressive movement".

The highlight of our Teachers' Workshop is going to be the panel discussion. We will extend the time to two hours and we will discuss information that you give us on the forms you will fill out when you come to the workshop.

Please do all you can to be a part of this important workshop. Bring all your teachers and would be teachers, we must pass the teaching torch onto the next generation.

Don't let the pandemic paralyze our praise. We need a meaningful fellowship to once again normalize our lives and we believe the Teachers' Workshop can be the tool. While following the CDC health guidelines and God's blessings, we look forward to having a great program.

Hope to see you there. Your presence is paramount to our success.
