

Theatre do it in December as well as Pacific Theatre in Vancouver BC. Last month we watched a local community theatre do it in Everett and this next year Disney is set to come out with a new movie of it. See www.namia.com Well no matter how popular or not the story is a true "Good News" Allegory and has been a favorite among young & old alike for many years. Over this past year we've taken a couple minutes in class to share the story with the children. We encourage you to read all the books in the "Chronicles of Narnia" series. We are not acting out the story but rather taking IMAGES of important concepts and scenes from the story. Now the lights are dimming and the curtain is about to open so please sit back, relax and **enjoy the show!**
