

Spruce Up Austin Tree Trek Map

A 25-Year Anniversary Project

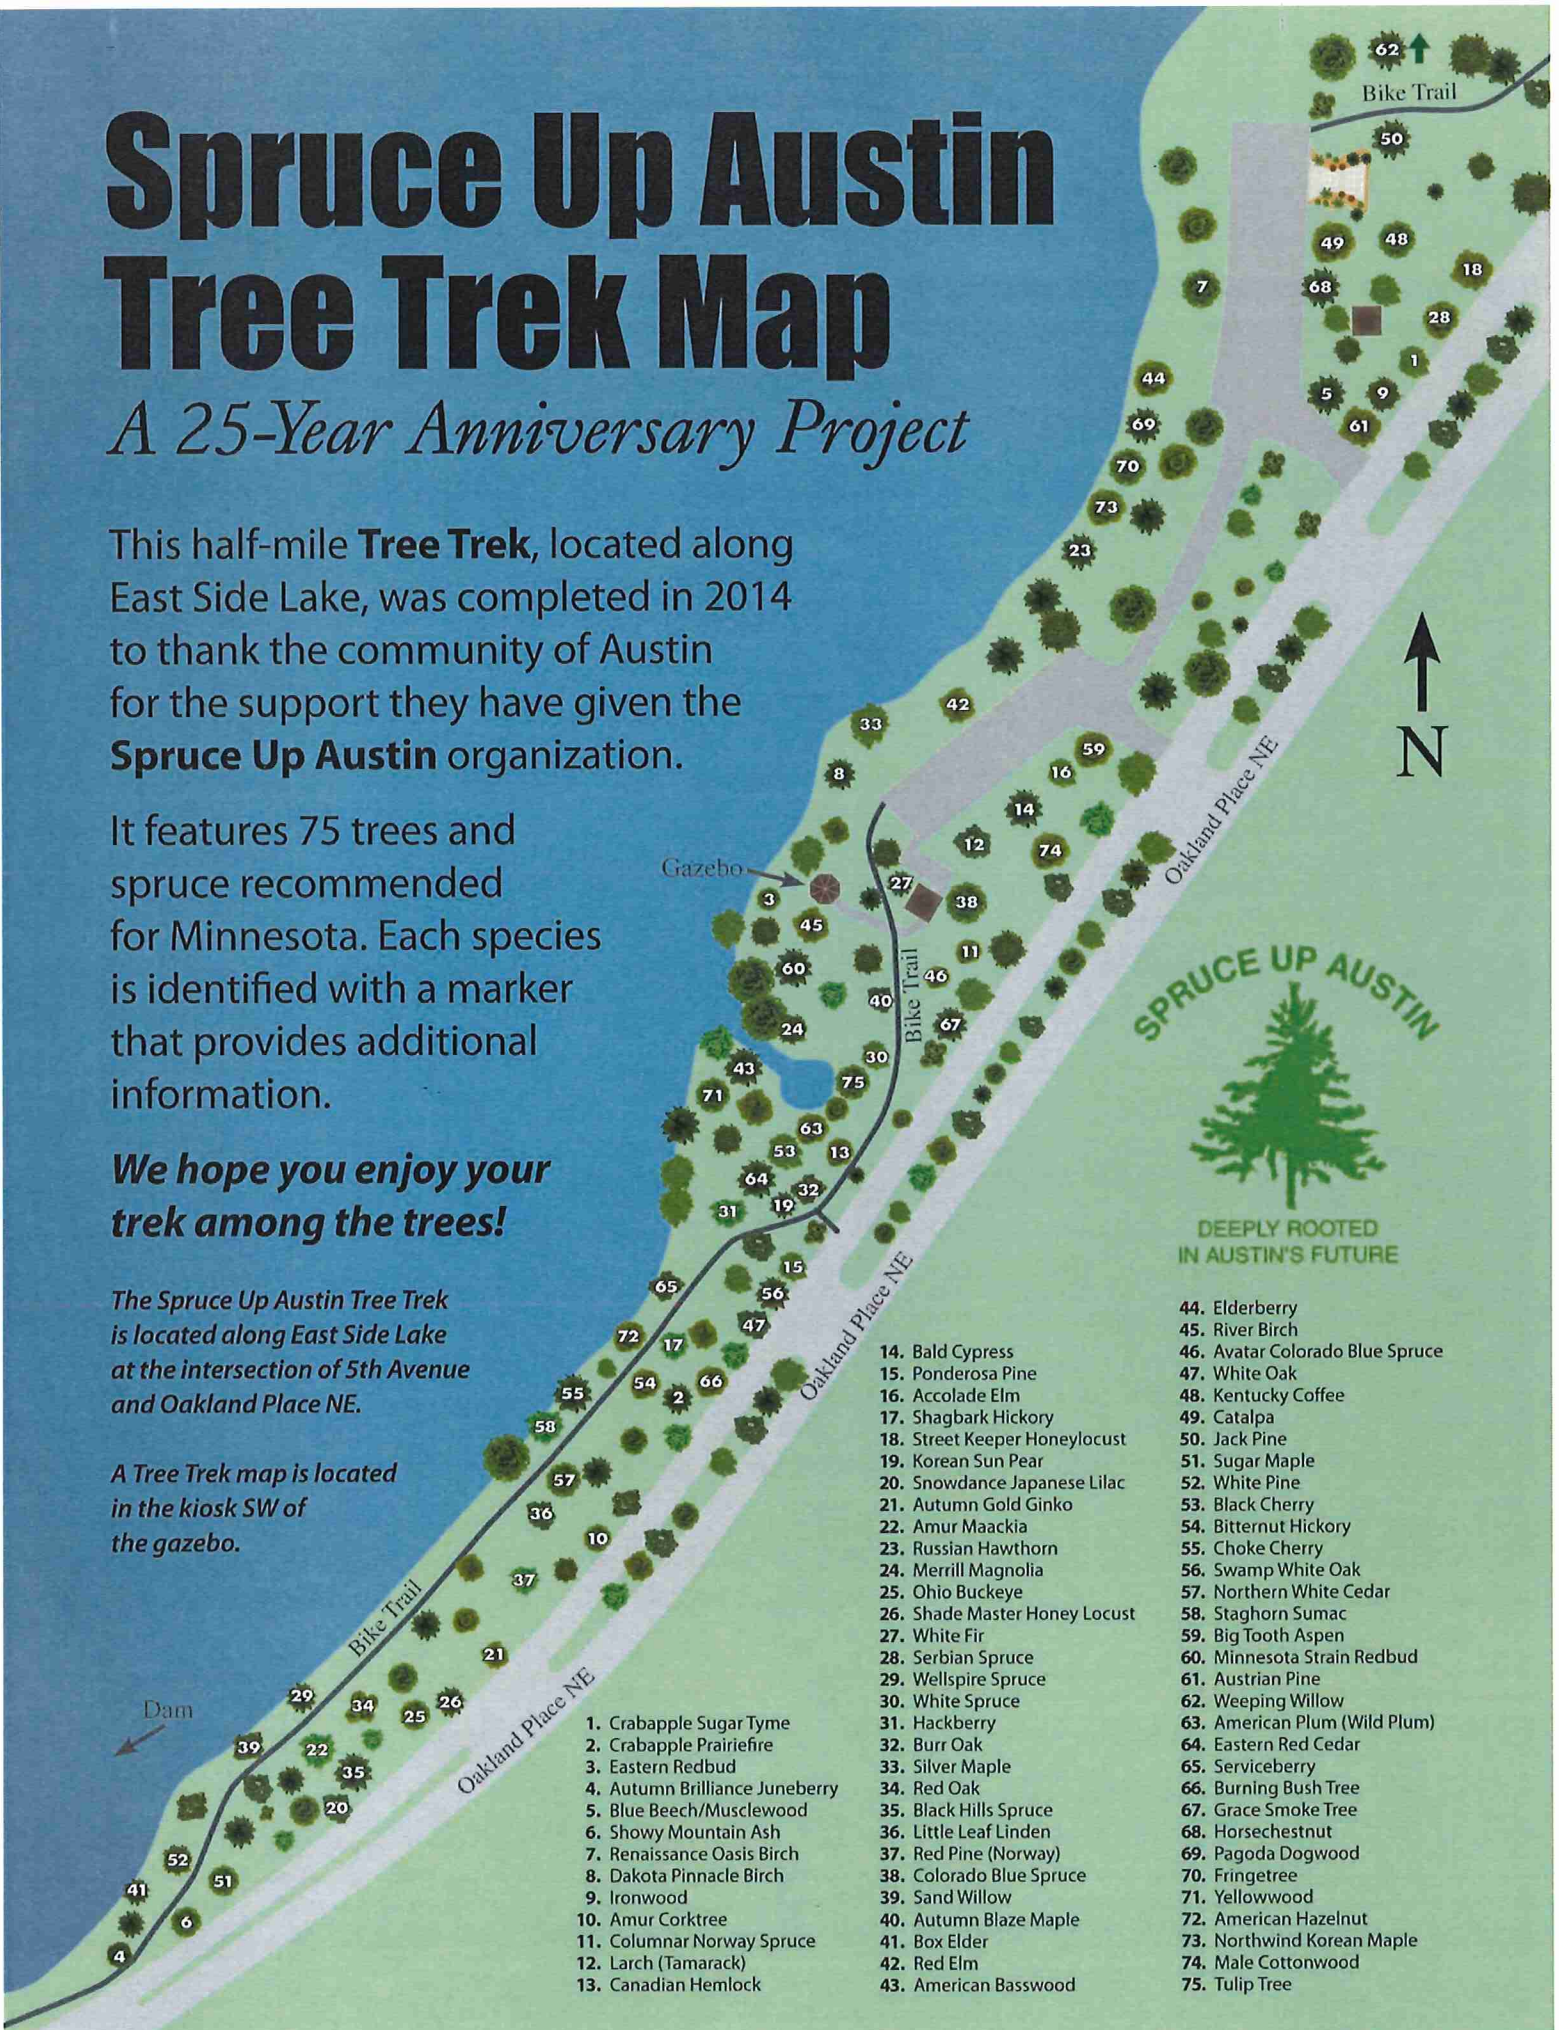

This half-mile **Tree Trek**, located along East Side Lake, was completed in 2014 to thank the community of Austin for the support they have given the **Spruce Up Austin** organization.

It features 75 trees and spruce recommended for Minnesota. Each species is identified with a marker that provides additional information.

We hope you enjoy your trek among the trees!

The Spruce Up Austin Tree Trek is located along East Side Lake at the intersection of 5th Avenue and Oakland Place NE.

A Tree Trek map is located in the kiosk SW of the gazebo.

1. Crabapple Sugar Tyme
2. Crabapple Prairiefire
3. Eastern Redbud
4. Autumn Brilliance Juneberry
5. Blue Beech/Musclewood
6. Showy Mountain Ash
