In our chart "Top avocado producers 2012" Ethiopia left her ranking to Morocco who produced 54 340 MT of avocados in 2012.

Even if Morocco's avocado production passed from 13 500 MT in 2002 to 54 340 MT in 2012 the country can't be ranked among the world's largest avocado producers since she produced only 270 000 MT of avocados since 2001 but Morocco (due to close business relations with France) is one of the actual avocado suppliers of the French market. Morocco exported 3 925 MT of avocados in 2011 but over the last ten years the total amount exported by Morocco is only 12 365 MT (2002 to 2011).
