FRENCH FRUIT IMPORTS

SITMAP

PINEAPPLE STATISTICS

The pineapple represents about 20 per cent of the world production of tropical fruits and about 70 per cent of the pineapple is consumed fresh. Brazil, Thailand, Philippines and China produce about 50 per cent of the world production. Since the last 50 years the world pineapple production has risen up by 400 per cent. United States is the largest pineapple importer followed by the European Union (mostly Belgium, Netherlands, Germany, United Kingdom, Italy, France) , Japan, Canada, Korea and Singapore. Costa Rican pineapple production doubled during the last ten years and Costa Rica became the largest supplier of the European Union. Ecuador multiplied its production by 140 during the last ten years while Panama realised a 400 per cent rise of its production. Peruvian producers doubled their production between 2000 and 2010 while the Honduran production grew by 50 per cent.

A word from the President

The pineapple production, export and import statistics data indicated in this page concern the pineapples produced by major grower countries. All data is official and confirmed by the French Ministry of Agriculture and the Statistical Division of the Food and Agriculture Division of The United Nations (FAO). Brasil is the world's largest pineapple producer. Costa Rica is the world's largest pineapple exporter followed by Philippines, Côte d'Ivoire, Ecuador, Honduras, Ghana, Mexico, Panama and Brasil.

All the pineapple production, import and export volumes are in metric tons (MT).

NOVAGRIM

Fresh fruit importer since 1999
