NOVAGRIM

Fresh fruit importer since 1999

A word from the President

The plum production, import and export statistics data indicated in this page concern the production of the major grower countries. All the plum production, export and import data is official and delivered by the French Ministry of Agriculture and the Statistical Division (FAOSTAT) of the Food and Agriculture Division of The United Nations (FAO). China is the world's largest plum producer followed by Romania, United States, Serbia, Chile, France, Turkey and Spain. Chile is the world's largest plum exporter followed by Spain, United States, South Africa, Italy, Netherlands, France and Argentina.

All the production, import and export volumes are in metric tons (MT)
