Placencia Polyclinic *HOURS* !

The peninsula got a much-needed additional healthcare option last May when construction was completed on the new Placencia Polyclinic located next to the Tropic Air terminal at the Placencia Airport.

A doctor and multiple nurses are on staff during daily operating hours M-Sa and available on call after hours. They also have a new ambulance which can carry critical patients to larger facilities such as Dangriga or Belize City hospitals.

Golf Cart Rental Options!

If you need some wheels to get you up and down the peninsula, Azure del Mar has you covered! Our favorite neighboring resort now offers daily, weekly and monthly golf cart rentals.

If they happen to be sold out during busy season, Captain Jaks (located just 1 mile south of RVBelize) also offers golf cart rentals and will deliver the cart to your RV's front door.

If a golf cart isn't quite your 'speed', there are nearby options for bicycle, scooter or car rentals as well.

Moho Caye is the perfect day trip!

Speaking of Captain Jaks' Services, for \$140 pp all-inclusive, they offer an amazing 3-stop snorkel excursion that touches on just a few of the breathtaking water activity options here.

You'll depart from their location in the village around 8am, be debriefed on the picturesque 40-minute boat ride to the reef, and enjoy guided snorkeling at Silk Caye and Turtle Alley before heading to postcard-perfect Moho Caye for lunch.

Moho Caye's chill ambiance, white sand beaches and lush palm trees are the perfect end to an idyllic day on the Belizean water.
