Detailed Itinerary

Day 1 – Jan 4th - Arrival in Nairobi, Kenya

Evening Arrival (10 pm)

We are greeted at the Kenyatta International Airport and shuttled to the new 5-Star **JW Marriott Nairobi**. Here, we will rest and relax for 2 nights in this stunning hotel.

Day 2 – Jan 5th - Nairobi

After breakfast, you will proceed to Daphne Sheldrick Elephant Orphanage. This centre has played a significant role in Kenya's conservation efforts. The baby elephants are brought from the national park for a mud bath at the orphanage, where, for an hour (i.e., 11 am – 12 pm), you can get close to them and sometimes touch them. You may not feed the animals, but you will get a chance to view the handlers feeding them. The orphanage offers hope to any orphaned baby elephant fortunate enough to be found alive. So far, it is proud to have saved over 150 orphaned infant elephants, which would otherwise have perished. The baby elephants are raised at the orphanage with the intention of gradually reintegrating them into the wild. The age range of the elephants can vary from a few months to

three years. Each elephant is assigned to its own keeper, who acts as a surrogate mother and will stay with the elephant until it is released back into the wild.

Thereafter, you will visit the renowned Giraffe Centre, where you will be given a rare opportunity to get up close to these gentle giants in this natural sanctuary, which was founded to protect the endangered Rothschild giraffe. Here you can climb to the top of a platform and stand eye to eye with the giraffes and feed them with small pellets.

Enjoy lunch at the Karen Blixen coffee garden and get a glimpse into the fascinating world of this pioneer coffee farmer, who achieved world fame through her highly-acclaimed memoir, "Out of Africa". She left Africa after a series of personal tragedies and her lovely colonial house has been preserved as a museum.

You will then proceed to visit Kazuri Bead Factory- Kazuri meaning 'small and beautiful' in Swahili, to make exquisite handmade ceramic beads, jewelry, and pottery. Established more than 25 years ago, over the years it has given several near-destitute women an important livelihood. You can watch all the processes of the beads being made at the workshop, a finely dexterous process, and there's also a shop. The designs are colorful and bold, reflecting Kenya's culture and wildlife.

Tonight: Welcome cocktails and Dinner

Return to the hotel for overnight.

JW Marriott Nairobi (BB)

Day 3 – Jan 6th - Depart on Safari – Samburu Game Reserve

Afternoon Game Drive

After breakfast, you will drive north to the Samburu National Reserve, set in the rugged semi-arid northern region with a spectacular scenic landscape. Upon arrival, you will be met by the camp's representative and transferred to the camp to a warm welcome then lunch, short siesta before heading for an afternoon game-viewing drive. The verdant riverine forest is a stark contrast to the arid thorn-studded plains. The Samburu region is the best place to find several endemic Northern species, including the Gerenuk (Twiga gazelle) due to her long neck, the Beisa Oryx, the Reticulated Giraffe, the Somali ostrich and Grevy's Zebra. Samburu is also an ornithological paradise, home to many birds including local species such as the Palm Nut Vulture and the Vivacious Dove. Leopards are often seen at dusk. The Samburu culture is a truly fascinating one, sharing a great deal of ancestral and linguistic ties to the Masai. The entire Samburu region is a place of breathtaking and magical beauty, a place where the vision of a deep red sunset silhouetting the Doum Palms along the river as a leopard emerges to hunt brings the perfect end to a day on safari. Dinner and overnight at the camp.

Surana Buffalo Springs (LDBB)

Day 4 – Jan 7th - Samburu Game Reserve

Spend this day in Samburu with morning and afternoon game-viewing drives in Buffalo Springs game reserves. These game reserves provide some of the best and most colorful game viewing in the country. The Ewaso Nyiro River, which meanders through the vast, dry, doum palm-dominated reserve, brings life along the green, scenic river banks, home and refuge to many wildlife. Meals and overnight at our camp.

Surana Buffalo Springs (LDBB)

Day 5 – Jan 8th - Ol Pejeta Conservancy

After breakfast, you will depart for Ol Pejeta Conservancy arriving at your tented camp in time for lunch. The Ol Pejeta Conservancy and its sumptuous ranch were once the private domain of famed multi-millionaire, Adnan Kashoggi. We enjoy a game drive in this game wealthy conservancy with a visit to the Chimpanzee Sanctuary, a charming haven established by the Jane Goodall Institute to provide sanctuary to orphaned chimps, and the specially protected refuge of black rhino. In fact Sweetwaters boasts excellent game viewing with the highest ratio of game to area of any park or reserve in Kenya. The camp overlooks one of the busiest waterholes in the area and offers an astounding variety of animals including all the Big Five and myriad of plains game. This is Africa as Teddy Roosevelt saw it years ago when he led one of the first safaris to tour Africa in comfort and splendor. The tents at Sweetwaters will remind us of this past era. Dinner and overnight at your camp.

Sweetwaters Serena – Luxury Tented Camp (LDBB)

Day 6 – Jan 9th - Ol Pejeta Conservancy

This full day will be spent in Ol Pejeta Conservancy with an early morning and afternoon game drive. Breakfast, lunch and dinner at the camp. **Sweetwaters Serena – Luxury Tented Camp (LDBB)**

Proceed to Lake Elementaita to arrive in time for lunch at Lake Elementaita Serena Lodge, a small, immaculately maintained safari camp on the shores of the glittering Lake Elementaita. Proceed later in the afternoon on a game-viewing drive in Soysambu Conservancy. The environment here is welcoming, one of the best places to relax, to unwind, to enjoy nature's beauty. This afternoon, you will proceed to the cliff overlooking the lake for Sundowner drinks with magnificent views. Sip on an ice-cold gin and tonic, a sparkling glass of champagne or your favourite cocktail as the dusk gently deepens around you and the sun sinks slowly over a classical safari landscape. This is a glorious time to relish life in the wild as it unfolds naturally before you. Later in the evening, return to the camp for dinner and overnight

The park is one of the best game viewing parks with various animal species including prides of lion, Cape buffalo, waterbucks, wart hogs, the endangered Rothschild giraffes, the black & white Rhino, the Burchell's zebra, impalas, and the elusive leopard among many others. Day 8 – Jan 11th - Masai Mara Game Reserve

After a sumptuous breakfast, you will continue to Masai Mara. It is perhaps the only region left in Kenya where the visitor may see animals in the same super-abundance as existed a century ago. Enjoy a game viewing drive enroute to the camp. Arrive for lunch and some relaxation time. In the afternoon you will proceed on another game viewing drive in this vast and expansive reserve teeming with game. Mara game reserve is famous for her big five; the most sought after in the early 20th century, when Kenya was a hunters' paradise. These include the lion, Cape buffalo, the savanna elephant, black rhino and the elusive leopard. The vast savanna grasslands as far as the eye can see is home to impalas, Maasai giraffes, waterbucks, warthogs, Thompson & Grants gazelles, topis, the resident wildebeests among many others. Dinner and overnight at your lodge.

game viewing drives per day or departing with packed lunch boxes for a full day of game viewing. Be on the look-out for the big five that Maasai Mara is famous for. These include the lion, savannah (African) elephant, the Cape buffalo, the leopard and the black rhino. We may even be so lucky to witness a leopard or a cheetah sprint and make a kill!

We return back to the lodge for dinner and overnight. **Sarova Mara Game Camp (LDBB)**

(Optional Balloon Safari over the Masai Mara)

Day 11 – Jan 14th - Lake Naivasha

After a leisurely morning, you will drive to Lake Naivasha. This is an important horticultural area of Kenya, famous for her teeming diverse bird species, scenic climate and tranquillity. Arrive at your lodge for lunch. In the afternoon, you will enjoy a boat ride and visit to the crescent island for a guided walking safari on the eastern side of the lake that is also home to Masai giraffe, zebra, dik diks, steenbok, impala and gazelles. It is quite liberating to walk among the giraffe and zebra with no fences or barriers between you and the wildlife!

Lake Naivasha Sopa Lodge (LDBB)

Day 12 – Jan 15th - Amboseli National Park

An early start today with breakfast then check out. You will then depart for Amboseli National Park. Arrive for lunch and check in. In the afternoon, you will proceed on an afternoon game viewing drive, set in rolling savannah scenery, it is dwarfed by the presence of the pink-tinged, snow-capped peak of Mount Kilimanjaro, the highest free-standing volcanic mountain in the world and topped by one fifth of all the ice in Africa. Against this magnificent backdrop roam vast herds of 'giant' elephant accompanied by a kaleidoscope of other fabulous beasts - lion, buffalo, cheetah, giraffe, baboon, gazelle, hippo and wildebeest. Amboseli National Park is also an ornithological paradise with over 400 species of birds, all manner of reptilian, flora and fauna and some of the most soul-searing views in Africa.
