**The overall activity level of this tour is a level 3.** This means you're an on-the-go traveller. You don't want to miss a thing, so walking and standing for longer periods of time (1-2 hours) isn't a big deal. You can expect some longer days balanced with free-time to recharge or set out on your own adventure. When travelling in Africa you will encounter full days of sightseeing, frequently in warm temperatures. In order to most fully experience the wildlife, you will be travelling by custom built safari vehicle which requires climbing in and out frequently and travel on bumpy roads. To experience Africa fully, we recommend that all guests be in reasonably good health and prepare properly. Unfortunately, wheelchairs cannot be accommodated on this trip. In addition, passengers who require assistance walking or who travel with oxygen tanks will not fully enjoy this trip and we strongly recommend a different tour.

Each guest is responsible for proper documentation and inoculations that may be required and/or recommended to participate on this tour. Please contact your local travel clinic or personal doctor for specific details on the destinations you are travelling to and from.

Malaria pills are recommended when visiting Zimbabwe and Botswana. Consult your doctor 2-3 weeks prior to departure.
