REMOVAL OF SEGREGATION FORM**

I would like to have the following segregation(s) removed from my segregation list. I understand that the inmate(s) that I am segregated from must also fill out a "Removal of Segregation Form". If that inmate does not wish to fill out a "Removal of Segregation Form", I understand that the segregation(s) will remain in effect.

Each inmate's statement must clearly state the reason "why" the removal of segregation is being requested, and that all inmates involved can co-exist in the same ward. You must also explain what circumstances have changed to justify the removal of the segregation.

I also understand that the Inmate Services Office will review both inmate requests for removal of segregation and determine if the segregation(s) should be removed.

_____ segregation list:

2. Brief, specific reason(s) why you are requesting the removal of segregation:

easy seg
Heubert is emotional. However, we talked everyday and talk everyday now. We can coexist and she realized the idea wasn't good because now she found God and needs people like me (other believers) around and helping with her walk w/ God. The seg was/is frivolous and needs to be removed.
Placed the seg because she wanted to move to the top tier in [redacted] and Paulette told her NO. Deputy Heubert came in so she told her to seg us since [redacted]

Notice to Governmental Officials of Invocation of Constitutional Rights

I understand that I am currently suspected or accused of committing a crime. I am unambiguously and unequivocally asserting my right to an attorney. I want no further contact with the police or other law enforcement officials for the purpose of questioning me or investigating me for any type of criminal activity. I understand that it may be necessary to have medical or mental health staff contact me to ensure my safety and health. I also understand that it may be necessary to be contacted by an inmate classification officer. If contact does become necessary, I do not wish to be questioned concerning any suspected criminal activity.

I am asserting my right against self-incrimination and my right to silence. I wish to speak only to my attorney. I am invoking all of my rights under *Miranda v. Arizona*, 384 U.S. 436 (1966). I will not waive my constitutional rights. I request that governmental officials not even request my consent except through my attorney.

This invocation of rights includes denial of access to my medical and mental health records kept by jail personnel without permission from my attorney.

I now revoke any and all previous waivers of my rights under *Miranda v. Arizona*, 384 U.S. 436 (1966).
