Another morning without you and our family. Another day of pain. Another day knowing you have chosen another woman and another day that you pushed yours away. Pain is real and deep but even through that, I love you. I'm not giving up hope that this nightmare will end and we can all be together.

I do want to know why there was a van at our house with California tags and all the lights on. So someone is allowed to be there in this "supposed crime scene" and just hang out with the lights on. Why don't you see through this nonsense and work together with me is beyond me. Of course you work answer this nor will you talk to me. All the good that I've done for you, all the holidays i made special for our kids and all the effort I have given is worth more than this. G would not want this. I will continue each day to tell you I'm innocence and how much I love you.

I am innocent and I love you. I want our family back more than anything. You haven't found G because he isn't the snow, or so pond or something stupid. I'm sure he is ready to come home. You just need to have the faith in the truth and know that I did not hurt him or do anything wrong. I love you

Lights were on in Laina's room, the kitchen, everywhere. How are you there? Or who is there when this is a "supposed crime scene" which is a lie anyway.

Maybe she did all this illegal stuff. You may think that my words are hurting me but the incompetence, your cheating scandal, and the media is setting it up for a field day for y'all's fake investigations. Did you find Gannon today ? Nope. Dumb asses. You will be the one to have to live with not listening to the truth. Pathetic ass. I hope you get diseases from her disease infested ass and whoever else you are confiding in. Why are you doing this to me knowing how bad everyone is already hurting and to think it's in your mind to be talking to and being with other women and who turned you down. Or did they? Why are you putting me through this. And where are these separation papers? Or divorce papers? Why would you did that? For God sake I didn't hurt our child. Why are you doing this to me

The person says ask him about me? Really who the hell is this and why are you doing this? This is a hard time in our lives and you are continuing to throw punches to treat me like crap to sit back and watch this. Tell me who it is and what's going on. You say you aren't cheating you says you are in so much pain but you got time for other women. You got time for all this stuff and to just kick me to the curb when you know I'm innocent and know I can't do anything about it. You know I'll die. You know lots of people will. And know you are having chicks message me on Instagram with these memes. Because they want me to know what you are doing. Why? Why would you do this.

You haven't asked anything about the baby. You haven't even cared. You haven't wanted to see anything about it. Not even enough decency in your body to even care about it. Nothing. But you can be with women. What is wrong with you? Our child is missing and you are confiding in other women so much they feel the need to hide behind a computer and tell me it's not my business. For God sake, Gannon is still missing, we have a pregnancy, harley you have kicked out your life. Laina I have no idea where she is. Why are you doing this?

I don't want to lose this baby Albert. I don't want to. I can't take any more pain or losses. Please stop all this for the sake of that. I've given you ever opportunity to be involved to come for visits, to be at an ultrasound, to ask you to take part and you have ignored them all. I can't lose this baby Albert. I'm asking you to stop with all this pain. I didn't hurt Gannon. When I last saw him he was fine. We were laughing. I've asked you to meet in person to show you some things and you refuse. I told you i would help. I told you to meet to see the other test and you keep Doing this. Now I have people messaging me about turning you down last night, and then you guys aren't a secret and all these things but I haven't seen anything from you. No papers. No involvement in our pregnancy. Nothing. What kind of man are you trying to be?

Look this has to stop today. I don't want to lose this baby because I've prayed our entire marriage to give you a child from me. I've wanted that more than the air in the sky just to have your baby. I will not lose this one. There is no way that's the ending from God. You can do me wrong and continue to beat me down. I want nothing but our family and you. I said I could give you what you wanted with your help and protection. But I cannot put losing this baby at risk is why Or I would of Sacrificed by life but I wanted this baby for you. So either you want the truth and to help and you sacrifice yourself so that I can keep this baby too or you be by my side and protect me so we can keep our baby, family, and get to him. Gannon was never hurt or in any danger by me, harley, or the dogs.

What kind of person have you got yourself up with? Marriage is a commitment and no one trying to tie anyone down. We are married and our family is going through a difficult time and your wife who has had difficult pregnancy is under the most scrutiny and stress. You should open your eyes and see that it's God's test to see where our faith is so that we have a successful pregnancy and that same faith to believe in our kid being home. All I ask is for you to standby me and believe my innocence unless you SEE otherwise based on FACTS and let our baby grow. And work together for Gannon. What if it does survive? What if we don't obey God? I did not do this. Gannon knows about the pregnancy. He was happy. We were happy. I did not do this.

Meet me tomorrow morning on base. We have to be there for harley's weigh in. Meet me tomorrow and I'll let you see everything about the lie detector, the baby, and I'll tell you what we can do for G. But I cannot lose this baby. That's all I'm asking. Love, stand by each other, and when this nightmare is over we can just put it behind us. I truly do love Gannon so much and want him to help me get stuff during this time. I want that. I swear to you.

You are in a condo when part of your family is on an air mattress (pregnant). How can you be so cold? God I can't wait until this comes through and you see I didn't do this. And that day is coming because your bitch ain't the only one who has an aunt that knows people. You think we didn't get a PI from day 4. That's why your truck got towed because the PI told them immediately to do it that it has no right there if my things were taken. But you see I told him to just find out who who took G. I didn't say catch my husband or to harm you. So I cannot wait until you see I'm innocent and I hope every bit of pain i have felt you feel too.

I legit asked you to meet me on base tomorrow and try to just be kind and involve you. Well guess what this isn't a lie. I have stood by you. I have professed my love to you daily. I have done everything you can imagine and asked you to meet just for 15 minutes of joy to see what we created. You can go get a condo and not talk to me like a man. Hide out and not answer or do anything.

Who are you seeing Albert? Who is living in the condo? Why are you doing this? Could you not have given it time to show I'm innocent? Could you not have given it time to let someone else work on this to find answers?

Say something to tell me what's going on. I deserve that. You deserve a lot too and I'm working on it. I don't sleep and won't sleep until I find answers. I'm asking that you talk to me and tell me what's going on and I tell you what information that has been collected. Give me a chance. Let's talk and work together and see if By Friday there should be male subject in custody ready to give you answers. Maybe before Friday and my silence has been for protection of everyone else. You guys wouldn't help. Give me that chance of communication and standing by me and tell me what's going on. I'll give you what we have as well. No jokes. No games. I am innocent and had no involvement in this. But we are getting to the bottom of it.

Look I know you scared and afraid and confused and hurt. I want you to know that we can get past all this. We worked hard to get what we have and to be good role models to our children. I know these are all actions of you not thinking clearly when usually you are a logical thinker. You made good decisions and with good reason. I know you are being influenced, you are being manipulated and your mind is in 1000 different directions. I know one thing, In Charleston, SC we made a commitment to each other and I will keep that promise until this is all over. Since you have been with me, we have never lived in the hood. We have never not had things and we have been great parents. I love Gannon with all my heart and I even love him more than you think because we are so much alike.

There is no accidents to tell you about nor did I inflict in harm in any way. I'm asking you to trust me and the people that I have looking for him. I've asked you to meet me so you could see. If offered nothing but proof and you are just not thinking logically.

You tell me aren't cheating and never would but you are living together and women are messaging me about turning you down and they are with you. I need to know what's going on. I did not hurt Gannon. Now give me some truths please

Just tell me what's going on, why you are setting up townhomes, why you haven't talked to me about our kids, us, our things, our life, and how you are completely silent and have no heart at all to talk to someone you spent 6 years with. Someone who has your back and who gave you all of her. I even begged you to meet to look at the test and you refused to get the truth. Beggggggedddd.

Who is this person Albert? Why are you in a condo? And you are you with? Don't tell me I don't have a right to know these things. This is crazy. You have gone off the deep end with all these attacks and you said i would never cheat and have never and are lying. Now you are being all secluded and not facing the facts Albert. I didn't hurt Gannon. You ignored our daughter who didn't hurt anyone either and are treating her like nothing when she tried to communicate with you. No one hurt G. Stop all this and let's fix it.

If you don't want to talk like adults then I'll just investigate because you play games and lied and i randomly get messages and all these things that i sent to you. I know you are seeing someone and sleeping around. I'm not stupid. They wouldn't reach out to me and then I find out you starting over in a condo. You had options on base temporarily and you could of spoken to me to take care of our family.

Without your family. With it Gannon. You piss me off to be so inconsiderate. Fucking bitches and your pregnant wife tried daily to profess her love and want her family. I'm willing to work together and help pay for everything and communicate. I don't want money off our child I'm making my own as always. I'm upset, I'm hurt, I'm lost without you and our family. I'm willing to forgive and move on and work together to find him because he is probably worried about the baby. Our kids are in pain and need each other. We need each other. Please communicate with me and lead me in what to do. I don't hurt our child. I will do whatever.

You wish it was? Wow that's cold. You got a condo and didn't even talk to me. Did you see the messages I got? Does any of this matter to you? I'm sick of waiting and getting put off. You shouldn't tell me you are too busy to talk to me. I deserve to know what's going on today not tomorrow. You married me not these bitches. I deserve you standing by me. It's not even right to treat someone this way. I know you don't care one ounce but we had sex and there is a heartbeat in my stomach and you are doing your best to make it stop. You are trying to stress me out enough knowing that's all I ever wanted with you. And then you tell me to wait you are too busy? Too busy how? Buying shit for your condo. Not talking to me about our lives, our family, our marriage, our KIDS

You aren't the only one coming apart. You are being to blind and not being together helping each other but trying to do what society tells you to do. This is dumb. You know good and damn well I wouldn't hurt our kids, I knew what we did and what we worked for and I knew what I had in me. So are you stupid? Who the hell are you cheating with? Who are you talking to? And why aren't you concerned about Gannon and helping me find him with Your resources instead of playing house and shit and cheating and avoiding your responsibilities. You are throwing away two of your kids right now. And the other one I don't know if she is okay. And the other one you won't work with me to get back.

Don't play with me because I will record every dang thing that goes on there. I'm sick of how you are acting. Was this your plot to get rid of me? Cause it sure seems like it. Just tell me the truth. If you hated me so bad to treat someone like this why even be with me, why go on an anniversary together, why have me being a mom to kids, why? This is stupid. You are ashamed of what other people will say instead of just being my teammate and letting God lead us the rest of the way. You know good and well if you and I worked together we could go get Gannon but instead you set up another house away from everything Gannon has ever known. You get a house in the hood just like he stayed in in NC. We can have our lives back and you can stop cheating if you would work together and put our heads together to go get him. Wake up we are better than this. You think a woman would take all this from a man if she didn't love him? Especially being innocent and begging for your help to get G. Wtf I can't do it alone

Why aren't they letting you Live in our home????? I'm gonna say this, do it for the heartbeat even if you want to hate me for nothing do it for the faith that we won't have another loss. Even though I'm sure you are praying it will. Show up and be supportive. It's real. REAL as ever and I will not let you kill it with your hate. Wtf kind of man leaves in this situation. Wtf kind of man goes and gets another home, has bitches, cheats, talks to his ex everyday (the one who fucking dogged you and your kids), and accuses an innocent person. You could of already went with me to help and make a big attempt at fixing this but the backbone fell off somewhere. I hope you look in the mirror and know that you abandoned your wife, she has to sleep on air mattresses pregnant, while you play house and fuck. And abandoned your daughter. Ripped your other daughter out of our lives instead of standing up. And refuse to help me get Gannon. I hope you hit your head again and snap out of it.
