## Free Choice Learning

\*This is time for you to begin to practice making some choices about your learning activities. You'll have a choice to make each day. As long as you complete one of the choices, you are meeting the expectation. Feel free to work ahead if time permits.

For Each Day's Free Choice Learning Time, you may choose between the following, with completion expected of at least one activity. You may work ahead if you have extra time.

1. Write a story, poem, song, rap, rhyme, or research essay.
2. Read books in RAZ (or at home) to look for answers and information that is interesting and informative about a topic that you wonder about. Add to our [Wonder Board](#).

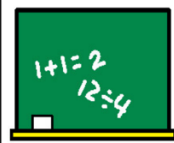

\*If you finish early, you may choose to read anything that you wish for fun until math class. ☺
