*Emotionally charged hard rock that turns life's battles into powerful anthems of resilience.*

Wicked Souls delivers a powerful blend of raw, relatable vocals and electrically driven riffs rooted in the spirit of classic hard rock while embracing a modern edge. Led by vocalist/bassist **Pauly Richards** and drummer **Justin Bingaman**, the band channels the struggles and triumphs of real life into music that connects with listeners on a deeply personal level. Their message reflects the fight many face in life's darkest moments—breaking the chains that bind us and finding strength
