

StayWell Personal Air Purifiers (Air Necklace / Wristband)

FAQs

What is Staywell Wearable Air Purifier?

Staywell Wearable Air Purifier is a small, portable device that uses ionic technology to clean the air around you. It is designed to be worn around your neck or wrist, and it can be used in a variety of settings, including homes, offices, and schools.

How does Staywell Wearable Air Purifier work?

Staywell Wearable Air Purifier uses ionic technology to create a negative ion field around you. These negative ions attract and neutralize positively charged particles in the air, such as dust, pollen, smoke, and bacteria. This helps to improve the quality of the air you breathe and can help to reduce your risk of respiratory problems.

What are the benefits of using Staywell Wearable Air Purifier?

Staywell Wearable Air Purifier can offer a number of benefits, including:

Improved air quality: Staywell Wearable Air Purifier can help to remove harmful pollutants from the air, such as dust, pollen, smoke, and bacteria. This can help to improve your respiratory health and reduce your risk of allergies and asthma.

Increased energy levels: Some studies have shown that exposure to negative ions can help to increase energy levels and improve mood.

Reduced stress levels: Negative ions have also been shown to reduce stress levels and promote relaxation.

How long does Staywell Wearable Air Purifier last?

Staywell Wearable Air Purifier has a battery life of up to 12 hours. It can be recharged using the included USB cable.

How do I use Staywell Wearable Air Purifier?

To use Staywell Wearable Air Purifier, simply turn it on and wear it around your neck or wrist. The device will automatically start emitting negative ions. You can adjust the airflow by turning the knob on the side of the device.

How often should I clean Staywell Wearable Air Purifier?

The Staywell Wearable Air Purifier works on advanced ionic technology and requires no special maintenance. However, you can wipe clean the device near the black carbon brush with a damp cloth. Do not submerge it in water, as it contains a battery.

Where can I buy Staywell Wearable Air Purifier?

Staywell Wearable Air Purifier is available for purchase on the Staywell Technologies website (www.staywelltechnologies.com) and on Amazon, Flipkart.

Is Staywell Wearable Air Purifier safe?

Staywell Wearable Air Purifier is a safe and effective way to improve the quality of the air you breathe. It has been tested by independent laboratories and found to be safe for use by people of all ages.

Our Air Necklace has been featured in Leading Media including ***Aajtak, Daily News Post, Indian Parenting Blog, Silicon India etc.***
