AJ FAST Inc.

AJ Fast Inc. is a **federally regulated company** registered and operated under Canada Business Corporations Act (CBCA). We are an **international trading company** focusing on import and export of fasteners and industrial supplies globally and specializing in importing to North American market.

We are able to supply wide range of top-quality products that complied with international standards & certifications, made by extremely reputable manufacturers and offered at highly competitive price.

Take a look into information about one of our products. **Need more details?** Contact us at sales@ajfast.com

BULK NAILS

Bulk Loose Nails represent a separate category of nails classified on the basis of the method of their connection. In contrast to collated nails, plastic strip nails and paper tape nails, this category represents unconnected nails (i.e., nails in bulk). Bulk nails are widely used in construction projects and are the most commonly used type of nails.

They are perfect for framing, carpentry, wood structural panel shear walls, and other general indoor construction projects. We offer Bulk nails in various lengths and diameters and provide our customers with the option to choose different nail shank and point types. We can also coat nails in various finishes upon request.
