QMX Foundations

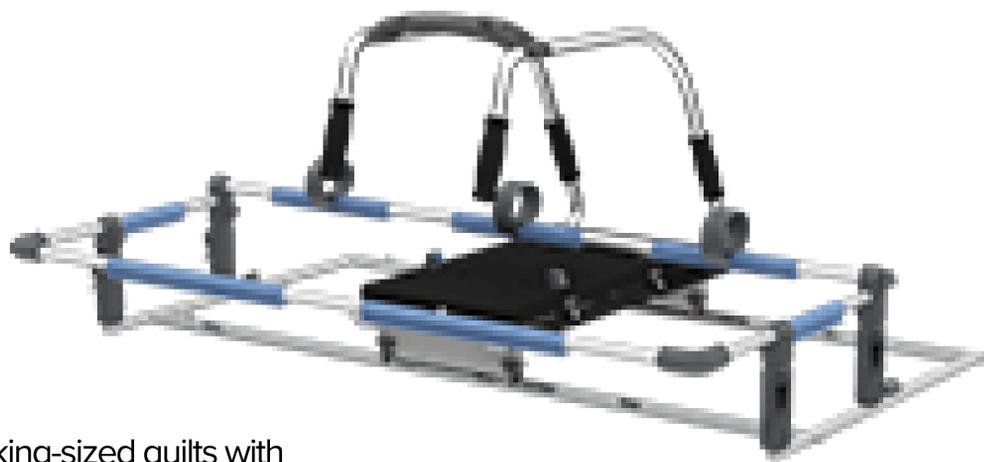

Whether you're making a simple block, a graceful panto, or a clean line. QuiltMotion X makes it effortless. Just pick a design, choose where to place it, and QMX will stitch it. Block quilting designs don't get any easier, just choose your 4 points for precision and let QMX sew out the design how you dream. Get quilted pantograph designs by choosing start and end points while QMX handles the rest, so you have no worries. Straight lines while quilting can be tedious but when you choose your start and stop points, QMX makes straight lines fun and easy. Experience flawless stitching and beautiful designs.

QuiltMotion X is compatible with any domestic sewing machine and is specifically designed for use with the **Cutie Breeze quilting frame**.

Transform your home sewing machine into a frame quilting system with the Cutie Breeze Tabletop Fabric Frame. Compact, portable, and versatile, it fits on any sturdy table and makes quilting projects quicker and easier. Perfect for quilters of all levels, it offers professional results without the high cost.

- -Home Sewing Machine to Frame Quilting System
 - Works with machines that meet the following specifications:
 - Bed Height: 1.5"-4.5"
 - Machine Width: Max 11"
 - Throat Length: 8.5" – 19"
 - Machine Height: Up to 16"
 - Foot pedal cable is at least 4.5 feet long
- Accommodates Any Quilt Size Make anything from baby quilts to king-sized quilts with zoning
- Compact and Easy to Store Easily fits under beds or in closets, saving space in your home.

Cutie Breeze

SureStitch Elite

Elevate your home machine with SureStitch Elite. The Elite is a step above the original SureStitch, with a new sleek design, user-friendly touchscreen interface, and additional brand-new features. Getting perfectly consistent stitches is now easier than ever.

The SureStitch Elite features a new, more intuitive touchscreen interface that gives you a wide range of customizations and options. Also introducing a one-touch manual setting to allow for optimal creativity and control.

Sewing Machine Compatibility

Little Rebel

The Little Rebel is an all-in-one quilting and sewing machine. Piece your quilts with the sewing foot and feed dogs, and swap to free motion quilting in less than a minute when you're ready to finish your project. Just slide on the quilting plate and switch the sewing foot for a quilting foot. Stand at a quilting frame or sit down to free motion with the included quilting extension base.

Features:

- 13" of throat length
- 8.5" of throat height
- Built-in stitch regulation
- Easily switch from sewing to quilting
- Throat, needle, and bobbin lights
- Powerful motor with stitch speeds up to 1600 stitches per minute
- M-Class bobbin
