

DEVRON *Live* SOLUTIONS

Live Picture is a stylish and space saving green solution for any interior design. Live Pictures make an important contribution to the indoor environment by purifying the air and is a healthy way of bringing beauty to your Universities, Colleges, Hospitals, homes, business and work places.

Live Picture uses a system of plant cassettes that are easily exchangeable. Plants can be exchanged with ease to reflect the changing seasons, holidays or special occasions.

Benefits of Live Picture

- Exchangeable cassettes
- Water supply for 4 to 6 weeks
- Integrated watering system
- No electricity or pump required
- Quick and easy installation
- Smart and silent, full and empty indicators
- Can be personalized
- Exchangeable frame
- Modern design
- Improves the room's acoustics
- Contributes to a healthy indoor climate through oxygen production and fine dust capture
