

Art Against All

Eurydice Eve

Personal Collection

14 December 2025

The Art Against All Collection, owned by the feminist artist and writer, Eurydice Eve, represents an influential assembly of global contemporary art that features strong examples of politically resonant and emotionally charged expressionist work with a significant focus on dynamic, large-scale works by major European and Chinese modern living artists. The collection presents a powerful, dramatic, visceral look at contemporary sociopolitics through visually commanding transcultural artistic narratives, establishing a crucial bridge between Eastern and Western aesthetic traditions and political thoughts.
