

NEWSLETTER

As July arrives, we embrace the height of summer - a season of longer, brighter days, time outdoors, and opportunities to bring communities together. At this time of year, we remain committed to providing meaningful activities that encourage people to stay active, connected, and engaged throughout the summer months.

We continue to update our digital platform by incorporating your valuable feedback. While we remain in the trial phase, we are finding it to be a highly beneficial tool that supports the high standard of care we are committed to providing.

Like many building projects, the final stages are taking a little longer than anticipated. Whilst the interior of the building is progressing well, we are still awaiting the completion of the external landscaping and pathways. Our priority has always been to create a safe, welcoming and accessible environment for everyone who attends. Rather than opening before these final works are complete, we have made the difficult decision to postpone our trial opening days. We now anticipate welcoming our first guests in approximately four weeks and will confirm the new dates as soon as the remaining work has been completed. We understand this may be disappointing, and we sincerely apologise for any inconvenience. However, we know you will appreciate that ensuring Little Orchard is fully completed and ready from day one is the right decision.

At Golden Community, our commitment remains steadfast: to deliver a nurse-led, holistic service that truly supports each individual in a way that feels right for them, enhancing comfort, independence, and overall wellbeing. We thank you for your continued support and look forward to sharing more exciting developments with you in the months ahead.

We would like to welcome Kathy to our team. Kathy is a registered nurse and will make an excellent addition to Golden Community. We know you will make her welcome as she starts her visits.

NEWSLETTER

Last month we had our health and wellbeing evening. We were joined by some amazing guests who were very interesting and informative. Our amazing registered nurse manager, Lorraine, gave a wonderful speech explaining the importance of staying independent, safe and connected. It was a wonderful evening, and we are so happy to have the opportunity to share our work with everyone.

STAFF SPOTLIGHT!

This month we would like to highlight the amazing work of Chantel! Chantel works tirelessly not only with our clients but behind the scenes. She encompasses so many roles: IT guru, shift allocator, on call support, problem solver, to name a few. If a job needs doing, Chantel is there to help out and she does it all with a smile! Without her flexibility and adaptability, none of our systems would run as smoothly as they do. Thank you and well done Chantel!
