

Golden COMMUNITY

Nurse Led Services

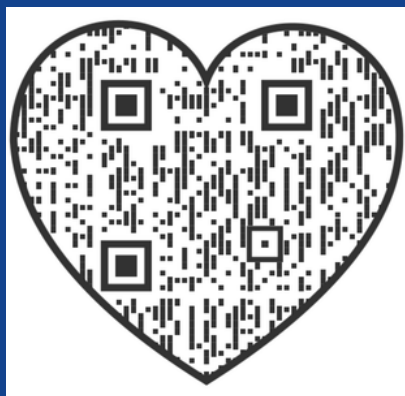

NEWSLETTER

A new month has rolled around and with it brings new opportunities. Colder weather and longer nights offer opportunities for cosy indoor activities and October brings events such as Halloween. Occasions such as these are inspiration to us at Golden Community as we plan activities to promote active participation and positive wellbeing.

This goes hand in hand with our progress on the community hub. We are working very hard to provide this service to you in a timely manner and we are very excited with how it is progressing. We strive to provide you with an update soon so keep your eyes peeled for upcoming exciting news!

To continue the theme of exciting news, we are thrilled to announce we have been named as finalists for the National Activity Providers Association (NAPA) awards in the positive ageing category! NAPA is a charity devoted to encouraging meaningful activity in the care sector. We are honoured to have been made finalists in this category and look forward to the awards in January!

As always we thank you for your support, we could not provide these services without our clients. Therefore, we are incredibly grateful that we are able to do the jobs that we love! We intend to bring this love and company values forward into October as we do every month!

As we are a small, developing business, reviews are incredibly important to us. Therefore, we would like to take the opportunity to ask you and your friends and family to review our services. If you should like to review us please scan the QR code to the left, which will allow you to leave us a google review. Thank you so much for your support!

NEWSLETTER

Providing appropriate support for our clients is paramount to our work. To this end, we encourage learning and education for our staff to enhance the services they provide. This month our staff are advancing their knowledge on pressure area care. This is done with the aim of providing the best service we can so you can live the best life you can!

STAFF SPOTLIGHT!

The nominations are in! This month we have had nominations for Kathy, Chloe and Beth, but our employee of the month for September is Mary! Mary is so supportive, she is the first to offer cover for shifts, and is always willing to help. She navigates our systems so well and always works hard. On top of all this she is just a lovely presence to have in the office and around our clients! Congratulations Mary and thank you so much!
