

2024 Impact Report

a message from our founders

At Readers to Dreamers®, we continue to believe that school visits with diverse authors and illustrators can empower students to find their voice and tell their own stories. In 2024, we connected with 230 students and distributed 265 books through our programs.

While we aren't scaling as quickly as we had hoped, we remain fully committed to our mission. We know that even small, meaningful interactions can spark curiosity, build confidence, and open doors for young readers and writers.

We are deeply grateful for the continued support of our donors, partner schools, authors, illustrators, and our local bookstore partner. Together, we're building a more inclusive and inspiring literary world - one school visit at a time.
