The Ninety-Nines have existed since 1929. Since Amelia's time, we have always been focused on support and encouragement of women pilots. As the years have gone by our Mission Statement has evolved to state that "The Ninety-Nines is the International Organization of Women Pilots that promotes advancement of aviation through education, scholarships and mutual support while honoring our unique history and sharing our passion for flight. "

Our Chicago Area Chapter has always been committed to safety education and this annual IFR/VFR Safety Seminar is the ultimate expression of that commitment. Over the years, we have attempted to involve more and more organizations in the process, and for the last 3 events we have hosted a dinner in conjunction with the local Chapter of Women in Aviation, Chicago's Leading Edge. This year, for the first time, we jointly entertained our vendors, sponsors, exhibitors and speakers at a cocktail hour and dinner the evening before the big event. Watch for the time and place for next year's dinner. It was relaxed, fun and friendly. Join us!

The Chicago 99s want to acknowledge the remarkable dedication and commitment to our mission of educating the pilot population in our area exhibited this year by **Barry Moore** and **Michael Baraz**.

As we struggled with the lack of previously donated Wings registration help, and AV equipment, these two talented and generous men filled a big gap and we are grateful.
