Scott's Pizza Kitchen & Square Tavern we uses the highest quality and freshest ingredients we can find. This menu does not contain items that are seasonal, specials, specialty meals created at times when certain ingredients are available or test kitchen items.

We encourage you to look at our menu online which is complete and keeps track of availability. Our order and pay at the table system is very efficient and allows us to operate when we have less hands available.

## Pizza

A true Chicago style thin crust, we make our dough and sauce inhouse. We don't add "extra cheese", try it first before you insist. We use Grande Mozzarella/Provoline Blend Cheese, the finest cheese available. Some pizza toppings, including fresh pineapple and jalapeno are chopped as needed. We use as few canned products as possible. Pizzas like the taco, medusa and cheesesteak pizza may take longer and are not available everyday.

### Build Your Own Cheese
