Dear Potential Sponsors,

The Association of College Educators -- Deaf & Hard of Hearing (ACE-DHH) is hosting its annual conference at the Curtis Denver-Douletree hotel in Denver, from January 29 to 31, 2026. This year's theme is "Advancing Deaf Education: Transformative and Innovative Approaches Grounded in Research." ACE-DHH is a professional organization of university professors and researchers who prepare teachers for students who are deaf and hard of hearing.

We invite you to partner with ACE-DHH as a sponsor of the 2026 Conference. Partnering with our conference gives your company a unique platform to connect directly with a diverse audience, ranging from emerging education researchers to seasoned experts, teacher trainers, and educational leaders from across the nation. These influential attendees are responsible for preparing and supporting hundreds of teachers who work with preschool through 12th-grade students who are deaf or hard of hearing. By becoming a sponsor, your brand will be recognized as a champion of inclusive education, expanding your reach and impact within a passionate and growing community dedicated to educational excellence and innovation. We also welcome a large number of graduate and doctoral students. Your contribution is essential in supporting Deaf Education in the United States and Canada as we collaborate to lift, educate, and nurture our teachers and their Deaf students.

Vision Statement

ACE-DHH is a unified body of colleagues who prepare future professionals in the Deaf and Hard of Hearing (DHH) education field and endeavor to improve the academic outcomes and educational experiences of DHH students worldwide. View ACE-DHH conference details: <https://acedhh.com>
